RE: EPA Registration Number 13799-2

Dear Ms. Edwards:

I am sending this letter in reference to the above listed registration number and my previous letter to Marion Johnson dated March 15, 2004 requesting a stamped approved label for the Pet Select Flea & Tick Shampoo.

Please be advised that this notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

Thank you for your help in this matter. It is truly appreciated.

Sincerely yours,

FOUR PAWS PRODUCTS LTD.

FLEA & TICK SHAMPOO & CONDITIONER

This is another quality product from Pet Select. Kills fleas and ticks which may cause skin irritation. Solves matting and tangle problems. Leaves a beautiful lustre on coat.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

PET SELECT is a rich concentrate and only a small quantity is needed for excellent results. Wet dog thoroughly. Apply a small quantity of PET SELECT to the fur, being careful to avoid contact with eyes. Build up a lustrous lather by rubbing into the fur. Concentrate rubbing on matted and tangled areas. Allow the lather to penetrate at least 5 minutes. Rinse dog thoroughly and towel dry. Comb and brush dog until completely dry. PET SELECT cleans and conditions, kills fleas and ticks and removes matted and tangled hair in one easy operation. Leaves a very high lustre on pet's coat. Repeat weekly if necessary. Do not use on puppies under 12 weeks. Consult a veterinarian before using this product on debilitated, aged, pregnant or nursing animals or animals on medication. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

PRECAUTIONARY STATEMENTS HAZARD TO HUMANS AND DOMESTIC ANIMALS

CAUTION: HARMFUL IF SWALLOWED. MAY CAUSE EYE AND SKIN IRRITATIONS.

FIRST AID

If On Skin Or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present after the first five minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. In case of emergency or for product use information, call (631) 434-1100 9AM-5PM EST, Monday through Friday.

STORAGE AND DISPOSAL

Storage: Store in a cool dry place. Keep container closed.

Disposal: If Empty: Do not reuse this container. Place in trash or other for recycling if available.

If partly filled: Call your local solid waste agency or 1-800 CLEANUP for disposal instructions, never place unused product down any indoor or outdoor drain.
