Mr. Sydell Protas
Four Paws® Products Ltd.
50 Wireless Blvd.
Hauppauge, NY 11788

Dear Mr. Protas:

Subject: Amendment - Addition of Fragrance and Revised Labeling
Four Paws® Protector®
EPA Registration No. 13799-26
Your Application Dated August 26, 1991

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you make the labeling changes indicated below prior to release for shipment of product bearing the amended labeling.

1. In the ingredient statement, an open parenthesis should be inserted in front of the chemical name for Permethrin as follows "[(3-Phenoxyphenyl)....".

Submit five copies of your final printed labeling before you release the product for shipment. A stamped copy of the labeling is enclosed for your records.

The revised Confidential Statement of Formula (CSF) referred to above, submitted in connection with registration under Federal Insecticide, Fungicide, and Rodenticide Act, as amended, to add Fragrance #2945 is acceptable provided you make the following changes to the CSF.

1. Specify the purpose of the fragrance in column #15.
2. Specify the upper and lower certified limits for all components including the inert ingredients and the Related Reaction Products from Permethrin in column #14.
3. The total weight of the batch should be specified in block #17.

PROTECTOR®

Quick Kill Flea & Tick Spray

With Aloe Vera and other Grooming Ingredients

Four Paws Protector kills fleas and ticks quickly and easily. Four Paws Protector will control fleas for up to 14 days on dogs and cats and will control ticks up to 4 days on dogs and 9 days on cats.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Hold container upright. Shake well before using. Spray the animal from a distance of 8-12 inches. Start spraying at the tail, moving the dispenser rapidly and making sure the animal's entire body is covered, including the legs and under the body. Fluff the hair as you spray so the spray will penetrate to the skin. The spray should wet ticks thoroughly. Do not spray in face, eyes or on genitalia. Repeat as needed. For cats, apply at the rate of one second per pound of body weight. For dogs, apply at the rate of two seconds per pound of body weight for thin or short-haired dogs and up to 8 seconds per pound of body weight for heavy or long-haired dogs. **Helpful Hint:** To control reinfestations, weekly applications with Four Paws Protector are recommended.

PRECAUTIONARY STATEMENTS

CAUTION

Hazards to Humans and Domestic Animals

Harmful if swallowed. Avoid breathing vapors. Do not spray in eyes, face or on genitalia. Do not use on nursing puppies or kittens under 3 months of age. Do not use on old, sick or debilitated animals.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger. Repeat until vomit fluid is clear. Call a physician immediately. Do not induce vomiting or give anything to an unconscious person.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.

IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

PHYSICAL AND CHEMICAL HAZARDS

Do not use or store near heat or open flame.

STORAGE AND DISPOSAL:

Storage: Store in a cool area away from heat and open flame. Store above 32° F. and protect from freezing.

Disposal: Do not re-use empty container. Wrap container in several layers of newspaper and discard in trash.
