

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS & DOMESTIC ANIMALS  
CAUTION**

Harmful if swallowed or absorbed. Avoid breathing vapors. Avoid contact with eyes. In case of contact, immediately flush skin with plenty of water.

Do not use in commercial food preparation or serving areas. In the home, avoid food processing surfaces and utensils should be cleaned during treatment, or thoroughly washed before use. Cover exposed food.

Remove pets, birds and caged fish aquariums before spraying.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish. Keep out of lakes, ponds or streams. Do not contaminate water by cleaning of equipment or disposal of wastes.

**PHYSICAL HAZARDS**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**STORAGE AND DISPOSAL**

**Storage:** Store in a cool area away from heat or open flame.

**Disposal:** Do not reuse empty container. Wrap container and put in trash collection.

**SHAKE BEFORE USE. HOLD CONTAINER UPRIGHT  
APPLY IN SHORT BURSTS.**

**INDOORS**

**To Kill Flies, Mosquitoes, Small Flying Moths, Gnats and Wasps:** Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep up and destroy fallen insects.

**To Kill Cockroaches, Ants, and Crickets:** Contact as many insects as possible with the spray in addition to thorough spraying of all parts of the room suspected of harbouring these pest. Special attention should be paid to cracks, hidden surfaces under sinks, behind stoves and refrigerators, food storage areas and wherever these pests are suspected of hiding. To kill ants, treat doors, around window frames, ant trails and other areas of entry. Repeat as necessary.

**To Kill Carpet Beetles:** Directly spray as many insects as possible. Spray both interior and exterior of upholstered furniture. Both top and bottom of rugs and carpets should be sprayed thoroughly. Also treat shelves, closets, areas under furniture and wherever these insects are seen or suspected. Repeat as necessary.

EPA Est. No. 13891-A-1

**Rice Weevils:** Spray directly on weevils in grain. Avoid breathing vapors. Avoid contact with eyes. In case of contact, immediately flush skin with plenty of water.

**To Kill Sowbugs, Centipedes, Firebrats and Spiders:** Spray directly on insects with the spray. Avoid breathing vapors. Avoid contact with eyes. In case of contact, immediately flush skin with plenty of water.

**To Kill Fleas and Brown Dog Ticks:** Remove and destroy flea infested bedding. Spray carpeted quarters of pets and treat flea and tick infested areas. Wall cracks and baseboard of floors repeat as necessary. Do not spray directly at pet's head or quarters after spraying. Also treat dogs and cats with a registered flea and tick control product to prevent them from entering treated area.

**OUTDOORS**

**To Reduce Annoyance of Houseflies, Mosquitoes, Gnats and Small Flying Moths:** Spray area infested with these flying insects. Hold can 18-24 inches from shrubs, bushes and grassy areas. Spray these areas with a slow sweeping motion at the rate of 1 to 3 seconds per yard of space while moving away from the treated areas. To reduce annoyance from these pests treat open porches and patios in a similar manner. Spray only when the insects are flying. Allow spray to settle before occupying the treated area. Repeat as necessary.

**To Kill Ornamental Plant Pests Listed Below:**  
**General:** When sprayed directly on insects, this spray will kill the insects listed. Caution should be taken when spraying new tender growth or young plants.  
**WHEN SPRAYING, HOLD CAN 18-24 INCHES FROM PLANT.**

For best results, spray in the evening or on a cloudy day when it is still. Mist the plants lightly. Use a slow sweeping motion. Avoid wetting foliage with spray. Spray row at the rate of 1 foot per second. For heavy growth, spray both sides of row. Repeat as needed. Do not spray when temperatures exceed 90°F.

Insect	SPRAY CHART Plant
Eastern Tent Caterpillar	Ornamental Cherry
Aphid	Strawberry, Rose, Grape, Myrtle
Cankworm	Ornamental Crabapple
Japanese Beetle	Rose
