

[14125B-1]

DIRECTIONS FOR USE

For rapid control of roaches, ants, spiders, crickets, silverfish, centipedes, cheese mites, meal worms, grain beetles (confused flour beetles, red flour beetles) and weevils (granary weevils, rice weevils): Apply in a good sprayer adjusted to deliver a coarse wet spray, at a rate of 1 gal on to 750 square feet of surface. Direct spray into locations where these insects are found: garbage compactors, garbage chute, motor cars, toasters and toasters, dark corners behind and beneath sinks, stove, refrigerators, and cabinets, under baseboards, under car doors, and window frames. Spray all cracks, crevices and points of entry. Spray insects directly whenever possible.

In case of infested food, removal and disposal of the infested material, remove all contents, and clean thoroughly. Spray interior surfaces of empty cabinet thoroughly. After spray has dried, cover shelves with paper or otherwise protect foods from direct contact with sprayed surfaces. Repeat treatment if reinfestation occurs.

E.P. Reg. No. 14125-1

COMPACTICIDE-L

Special Low Oil Formulation
Leaves No Objectionable Residues
For Use In: Industrial and Residential Garbage Compactors, Garbage Chutes, Kitchen Garbage Cans.
The insecticidal components of this spray are classified as food additive and when used as directed, allowable tolerance will not be exceeded.

ACTIVE INGREDIENTS:
Pyrethrins 0.12%
Piperonyl Butoxide 1.20%
Permethrin 4.8%
INERT INGREDIENTS 98.20%
*Equal parts of 100% butylacetylcholine (6 pp. piperonyl) related compounds

CAUTION

Keep Out Of Reach Of Children

See side panel for additional precautions

To kill flies including fruit flies, mosquitoes, gnats, flying moths, wasps and hornets: Close windows and doors and shut off ventilating systems. Remove pets, birds and cover fish aquaria before spraying. Apply as a fine mist using a non-thermal sprayer. Thoroughly fill the area with mist with special attention to light source which attract these insects. Keep area closed for 15 minutes. Vacate treated area and ventilate before reoccupying.

CAUTION: Harmful if swallowed. Foods should be removed or covered during treatment. Any food processing surface should be covered during treatment or thoroughly cleaned before using. Do not apply while food is being prepared.

This product may be toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply only as specified on this label.

Do not reuse this container. Destroy by perforating or crushing and burying in a safe place.
