

RAT-A-TAC

RODENTICIDE

14651-1

PALATABLE - EFFECTIVE

ACTIVE INGREDIENT:

Diphacinone 2-diphenylacetyl-1, 3-indandione005%

INERT INGREDIENTS 99.995%

TOTAL 100.000%

CAUTION:

KEEP OUT OF REACH OF CHILDREN

See side panel for additional cautions.

NET WEIGHT: 1 LB.

Manufactured for
AGRICULTURAL ENTERPRISES, INC.

933 W. 6th St.

Fremont, Nebraska 68025

U.S.A.

DIRECTIONS FOR NORWAY AND ROOF RATS

Pour 4 to 16 oz. into a shallow container and place next to burrows, in runways, or where rats feed, water or travel. It is desirable to place bait along walls, in corners and in concealed locations where rats can feed unobserved.

Check bait stations daily to assure an uninterrupted supply of bait for at least 15 days. Continue baiting until all signs of feeding have stopped. Contaminated or spoiled bait should be replaced promptly. Four ounces of bait is effective for 1 to 2 rats. Bait stations should be placed in areas not accessible to children, pets, wildlife and domestic animals or in tamper-proof bait boxes. Set up permanent stations if you are near rat-infested fields or dumps. Protect from rain.

DIRECTIONS FOR HOUSE MICE

Pour tablespoon amounts (1/4 to 1/2 oz.) of bait into shallow containers and place next to burrows where mice feed, water or travel. Place baits at 8 - 12 ft. intervals. It is desirable to place bait along walls, in corners and in concealed locations where mice can feed unobserved. Check bait stations daily to assure an uninterrupted supply of bait for at least 15 days. Continue baiting until all signs of feeding have stopped. Contaminated or spoiled bait should be replaced promptly. Bait stations should be placed in areas not accessible to children, pets, wildlife and domestic animals or in tamperproof bait boxes. Set up permanent stations if you are near mice-infested fields or dumps. Protect from rain.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Treated baits should be placed in locations not accessible to children, pets, wildlife and domestic animals or in tamperproof bait boxes. In case bait is eaten by humans, call physician at once. Treat as for overdose of Dicoumarol.

Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

Do not reuse empty container. Destroy it by burying with waste or burning. Stay away from smoke or fumes.
