Washington, D.C. 20460

NOTICE OF PESTICIDE:
 x Registration
 Reregistration

(under FIFRA, as amended)

EPA Reg.
Number:
14802-8

Date of Issuance:
November 15, 2006

Term of Issuance:
UnConditional

Name of Pesticide Product:
Algae Clean Out W

Name and Address of Registrant (include ZIP Code):

Fritz Industries
500 Sam Houston Road
Mesquite, TX 75149

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase "EPA Registration Number 14802-8".

Signature of Approving Official:

Adam Heyward
Product Manager Team-34
Regulatory Management Branch II
Antimicrobials Division (7510C)

Date:

November 15, 2006

- b. Change the statement from "safe for fish....." to "will not harm fish.....".
3. The certified limits for the basic CSF must be revised accordingly: 1.05% to 1.10% for the upper certified limit and from 0.95% to 0.90% for lower the certified limit.

Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revises labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Sincerely,

Adam Heyward
Product Manager 34

- Have person sip a glass of water, if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin or swallowed. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after use.
NOTE: This product contains a chemical known to the state of California to cause cancer.

DIRECTIONS

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

For use in self-contained aquariums, ornamental ponds and fountains without any outflow.

For aquariums and small ponds with heavy algae growth, clean the excess algae off the sides and ornaments before adding FRITZ ALGAE CLEAN OUT_w. This will reduce the amount of decaying organic matter.

Aquariums – Add recommended dosage near the filter outflow to mix into aquarium water rapidly. Remove dead algae from aquarium. Repeat dose every three days until algae is controlled. Caution: Not safe for use with snails, shrimp, clams and other crustaceans, or mollusks.

Fountains, Small Ponds with goldfish and koi - Treat only those fountains and ponds which will have no outflow after treatment. High water temperatures cause more rapid natural decay of dead algae which can cause fish distress. If animals are present clean out excess algae as stated above or use before temperature exceeds 75°F (24°C). CAUTION: In ponds insure that water is well aerated via waterfall, fountain or other method to prevent fish loss. Aeration must be continuous. Caution: Not safe for use with snails, shrimp, clams and other crustaceans, or mollusks. Repeat dosage once per week for maintenance. To figure capacity of fountain or pond; Length x Width x Depth = cubic feet x 7.5 = gallons.

Volume of water to treat	Unit of Measure		
10 gallons/37.85 liters	6 drops	-	-
20 gallons/76 liters	12 drops	-	-
30 gallons/114 liters	18 drops	1/2 tsp.	1/2 cap
40 gallons/151 liters	24 drops	-	-
45 gallons/170 liters	27 drops	1/2 tsp.	1/2 cap
50 gallons/189 liters	30 drops	-	-
60 gallons/227.1 liters	5 milliliters	1 tsp.	1 cap
120 gallons/454.2 liters	10 milliliters	2 tsp.	2 caps
180 gallons/681.3 liters	15 milliliters	1 tbsp	3 caps
360 gallons/907 liters	30 milliliters	2 tbsps	6 caps

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal
STORAGE: Keep container closed when not in use. Leaking or damaged containers should be placed in plastic bag and discarded in trash. Mop up spills with clear water. Keep out of reach of children. Do not store near food.
DISPOSAL: Do not reuse empty container. Wrap container and place in trash.
