RE: Fritz Industries
Algae Clean Out W
EPA Reg. No. 114802-8
Notification of Label Revision

Dear Mr. Heyward:

You will find enclosed an EPA Form 8570-1 being submitted on behalf of Fritz Industries in reference to the above referenced pesticide. This form is being submitted to revise the product label as follows:

The original application (EPA Form 8570-1) submitted to register this pesticide showed in Section III, No. 4, sizes of retail container, as "4 oz., 8 oz., 16 oz., 32 oz., 128 oz." The master label stated on the front panel "4 oz. treats 1,419 gallons/5,371 liters; 8 oz. treats 2,839 gallons/10,745 liters; 16 oz. treats 5,678 gallons/21,491 liters". The 32 oz. container nor the 128 oz. container was not mentioned. The purpose of this notification to revise the label is to add to the master label the statements: "32 oz. treats 11,356 gallons/42,982 liters; and 1 Gal. (128 oz.) treats 45,424 gallons/171,928 liters". In doing this we would now have the option of indicating on the front panel of the product label the amount of water each container size would treat.

I trust that this notification is in order. If you have any questions please contact me.

Yours truly,

Carrie Crawford

FIRST AID

If in Eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for further treatment advice.

If on Skin, Clothes:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

If Swallowed:

- Call poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water, if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin or swallowed. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after use.

NOTE: This product contains a chemical known to the state of California to cause cancer.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

For use in self-contained aquariums, ornamental ponds and fountains without any outflow.

For aquariums and small ponds with heavy algae growth, clean the excess algae off the sides and ornaments before adding FRITZ ALGAE CLEAN OUT_w. This will reduce the amount of decaying organic matter.

Aquariums – Add recommended dosage near the filter outflow to mix into aquarium water rapidly. Remove dead algae from aquarium. Repeat dose every three days until algae is controlled. Caution: Not safe for use with snails, shrimp, clams and other crustaceans, or mollusks.

4/5

Fountains, Small Ponds with goldfish and koi - Treat only those fountains and ponds which will have no outflow after treatment. High water temperatures cause more rapid natural decay of dead algae which can cause fish distress. If animals are present clean out excess algae as stated above or use before temperature exceeds 75°F (24°C). CAUTION: In ponds insure that water is well aerated via waterfall, fountain or other method to prevent fish loss. Aeration must be continuous. Caution: Not safe for use with snails, shrimp, clams and other crustaceans, or mollusks. Repeat dosage once per week for maintenance. To figure capacity of fountain or pond; Length x Width x Depth = cubic feet x 7.5 = gallons.

Volume of water to treat	Unit of Measure		
10 gallons/37.85 liters	6 drops	-	-
20 gallons/76 liters	12 drops	-	-
30 gallons/114 liters	18 drops	½ tsp.	½ cap
40 gallons/151 liters	24 drops	-	-
45 gallons/170 liters	27 drops	¾ tsp.	¾ cap
50 gallons/189 liters	30 drops	-	-
60 gallons/227.1 liters	5 milliliters	1 tsp.	1 cap
120 gallons/454.2 liters	10 milliliters	2 tsp.	2 caps
180 gallons/681.3 liters	15 milliliters	1 tbsp	3 caps
360 gallons/1360 liters	30 milliliters	2 tbsps	6 caps

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal

STORAGE: Keep container closed when not in use. Leaking or damaged containers should be placed in plastic bag and discarded in trash. Mop up spills with clear water. Keep out of reach of children. Do not store near food.

DISPOSAL: Do not reuse empty container. Wrap container and place in trash.
