Agent for Fritz Industries, Inc.
c/o 5927 Paint Bank Road
New Castle, VA 24127

Subject: Label Amendment – Revised Master Label with Additional Marketing Claims as Amended on EPA Stamped Accepted Label dated November 1, 2012.

Product Name: Algae Clean Outw
EPA Registration Number: 14802-8
Application Date: Feb. 7, 2019
Decision Number: 548244

Dear Ms. Crawford:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

EPA Reg. No. 14802-8
Decision No. 548244

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Srinivas Gowda by phone at 703-308-6354, or via email at gowda.srinivas@epa.gov.

Sincerely,

Jacqueline Hardy

EPA Reg. No. 14802-8
EPA Est. No. 14802-TX-01

Mfg. by:
Fritz Industries Inc.
Mesquite, TX 75149
Made in USA

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Harmful if absorbed through skin or swallowed. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

NOTE: This product contains a chemical known to the state of California to cause cancer.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

For use in self-contained aquariums, ornamental ponds and fountains without any outflow.

For aquariums and small ponds with heavy algae growth, clean the excess algae off the sides and ornaments before adding FRITZ ALGAE CLEAN OUT^w. This will reduce the amount of decaying organic matter.

Aquariums – Add dosage near the filter outflow to mix into aquarium water rapidly. Remove dead algae from aquarium. Repeat dose every three days until algae is controlled. Please note: Not safe for use with snails, shrimp, clams and other crustaceans, or mollusks.

Marine Aquariums – In Marine and Reef Aquariums this product will not harm corals, coralline algae, snails, shrimp, anemones, feather dusters, clams, scallops, sea cucumbers or other invertebrates. Will not affect the function of protein skimmers. Effectively controls a wide variety of marine algae.

Fountains, Small Ponds with goldfish and koi - Treat only those fountains and ponds which will have no outflow after treatment. High water temperatures cause more rapid natural decay of dead algae which can cause fish distress. **WARM WEATHER ALERT:** Before using Algae Clean Out^w, make certain that the pond has vigorous aeration, i.e., a fountain, waterfall, or aeration device to avoid fish loss due to low oxygen levels. When algae is controlled and removed by the filter or settles to the bottom of the pond, the oxygen level may drop to harmful levels if adequate aeration is not provided. Therefore, when using Algae Clean Out^w during warm weather and high water temperatures, vigorous, 24 hour aeration is required.

ATTENTION: In ponds ensure that water is well aerated via waterfall, fountain or other method to prevent fish loss. Aeration must be continuous. Please note:

Not safe for use with snails, shrimp, clams and other crustaceans, or mollusks. Repeat dosage once per week for maintenance. To figure capacity of fountain or pond; Length x Width x Depth = cubic feet x 7.5 = gallons.

Use to treat existing algae growth.

Volume of water to treat	Unit of Measure	
10 gallons/38 liters	6 drops	-
20 gallons/76 liters	12 drops	-
30 gallons/114 liters	18 drops	½ tsp.
40 gallons/151 liters	24 drops	-
45 gallons/170 liters	27 drops	¾ tsp.
50 gallons/189 liters	30 drops	-
60 gallons/ 227 liters	5 milliliters	1 tsp.
120 gallons/454 liters	10 milliliters	2 caps
180 gallons/681 liters	15 milliliters	1 tbsp
360 gallons/ 1362 liters	30 milliliters	2 tbsps
720 gallon/2,725 liters	60 milliliters	4 tbsps
1080 gallons/4088	90 milliliters	6 tbsps.
		1/2 fl. oz.
		1 fl. oz.
		2 fl. oz.
		3 fl. oz.

FIRST AID

If in Eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for further treatment advice.

If on Skin, Clothes:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

If Swallowed:

- Call poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water, if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal

STORAGE: Keep container closed when not in use. Place leaking or damaged containers in plastic bag and discard in the trash. Mop up spills with clear water. Keep out of reach of children. Do not store near food.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

(OPTIONAL MARKETING STATEMENTS)

- No more Green Water
- Controls String Algae
- No More Algae Growth
- Will Not Harm Fish and/or Live Ornamental Plants
- Controls many types of algae in freshwater aquariums / marine aquariums / reef aquariums / saltwater aquariums / water gardens / container water gardens / Koi and goldfish ponds / ornamental fountains / while keeping water clean and clear.
- Controls many types of algae in marine and reef aquariums containing live corals, invertebrates and fish.
- Safe / for use in aquariums / ponds / fountains / containing live plants and fish.
- Effectively controls "green water" algae blooms / String or Hair algae (*Cladophora* / Blanketweed (*Oedogonium*) / Green Algae
- Effectively controls many type of algae on aquarium glass, ornaments and plants
- Helps remove Red Slime / Red Slime algae
- Will not harm / safe for use with / live / aquatic / pond / aquarium / plants / and / or / koi / goldfish / freshwater / or / saltwater / marine / fish
- Reduces aquarium maintenance
- Controls Algae in aquariums and containerized ponds and fountains
- Stops Algae Growth
- Eliminates existing algae growth
- Helps to control future algae growth
- Safe for use in Acrylic or Glass aquariums
- This product will not cloud water
- Fast Acting

- Complete Algae Removal
- Best Quality for Freshwater Aquariums
 - Promotes clear water
 - Clears green water rapidly
 - Easy to use
- User friendly
- Can be used with clarifiers
- Can be used with pond dyes
- Ends algae blooms
- Effective against green water
- Effective against string algae
- Combats string algae
- Combats algae blooms
- Combats green water
- Helps win the algae battle
- Does not contain copper
- Does not discolor pond water
- Does not affect pH
- Controls algae in koi/goldfish ponds
- Controls algae in aquariums
- For use in ponds [fountains] [aquariums]
- Reduces ponds [fountains] [aquariums] maintenance
- Eases ponds [fountains] [aquariums] maintenance
- Controls many types of algae in [ponds] [fountains] [aquariums]
- Algae Clean Out_w effectively controls these types of freshwater algae: Green or Green water algae (*Chlorella*) / Blue-Green algae (*Aphanizomenon*) / Black Beard algae (*Audouinella*) / String or Hair algae (*Cladophora*) / Blanket wee (*Oedogonium*) / in freshwater aquariums / ornamental ponds / fountains / containing live plants and fish.
- Algae Clean Out_w effectively controls these types of saltwater algae: Green algae (*Cladophora*) / Red Slime (*Oscillatoria* / *Spirulina major*) / Brown Algae (*Cyclotella*) / in marine aquariums / reef aquariums / saltwater aquariums / containing live corals, invertebrates and fish.
- Algae growth can appear as green water blooms / filamentous algae on plants / floating algal mats (blanket weed) / algae / brown growth on aquarium glass / ornaments / rocks / fountains / waterfalls.
- Broad spectrum algae control
- Safe for fish and plants
- Does not discolor the water
- Controls algae that grows on grow on glass and décor
