

Cross-infection is of major housekeeping concern not only in hospitals, but in schools, institutions, and industry. PARENE DISINFECTANT CLEANER is formulated for this problem area. It both cleans and disinfects effectively when used as directed. Its hard surface disinfecting action will reduce the hazard of cross-infection.

Two ounces of PARENE DISINFECTANT CLEANER per gallon of water will deodorize bathrooms, garbage storage areas, and other areas where bacterial growth can cause mal odors.
