See First Aid and other precautions on left panel.

VITEX CHEMICAL, INC.

5000 Track Road, Cleveland, Ohio 44127

USE DIRECTIONS:

Household

For sanitizing and disinfecting floors, walls, and inanimate hard surfaces. For Schools, Homes, Locker Rooms, Garbage Pails, Sink Tops, Corridors, Classrooms, Offices, and Shower Stalls. Remove heavy soil deposits first. Rinse thoroughly. Then apply VITEX #9906 solution. For sanitizing, use a solution of 1 ounce VITEX #9906 to 4 gallons of water and wet the surface thoroughly with a mop or cloth. For disinfecting, use a solution of 3 ounces VITEX #9906 to 5 gallons of water and apply well to surface with mop or cloth. Kills Staphylococcus aureus and Salmonella choleraesuis.

Hospitals

For floors, walls and other hard surfaces in Nursing Homes, Institutions, as well as Sink Tops, Garbage Pails, Telephones, and Rest Rooms. First remove heavy soils and rinse. Then apply VITEX #9906 solution at a concentration of 3½ ounces per 5 gallons of water with a mop or by wiping thoroughly with a cloth. At this level, VITEX #9906 will be effective against Pseudomonas aeruginosa PRD-10.

Food Processing Equipment

For sanitation of food processing equipment and food utensils, first clean and remove heavy soil deposits and rinse. Then employ a solution of VITEX #9906 at a concentration of 1 ounce per 4 gallons of water to provide 200 ppm of active quaternary. At this level, no Potable Water Rinse is required.
