	TERM OF ISSUANCE	
NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)		
NAME OF PESTICIDE*PRODUCT PACIFIC POOLS POOL GRAN-56		

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

PACIFIC POOLS OF ALBANY, INC.
 Box 51
 615 Loudonville Rd.
 Latham, NY 12110

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This registration notice is being issued in accordance with Section 3(c)(7)(A) of the FIFRA subject to the following conditions.

(1) It is understood that you will submit and/or cite all data required for registration or re-registration of your product under Section 3(c)(5) of the FIFRA when the Agency requires all registrants of similar products to submit such data.

(2) You will submit two copies of your finished printed labels complying with the requirements or revisions specified in the attachment to this registration notice. These labels must be submitted to the Agency before the product is released for shipment as required by PR Notice 82-2, of June 18, 1982.

A stamped copy of the draft label is enclosed for your records. Your release of the product for shipment constitutes acceptance of these conditions. If the conditions are not complied with, the registration will be subject to cancellation in accordance with Section 6(e) of the FIFRA.

Sincerely yours,

Jeff Kempter

ATTACHMENT TO EPA REGISTRATION NOTICE

EPA Registration No. 15127-15 Date Issued 25 FEB 1987

Company Name PACIFIC POOLS OF ALBANY, INC.

Product Name PACIFIC POOLS POOL GRAN-56

The following requirements or revisions apply to the label which was accepted with this registration notice:

1. The registration number which has been assigned to this product must appear on the label as EPA Reg. No. 15127-15. This registration is being issued with the understanding that the derivative of cyanuric acid which is contained in this product is under scrutiny for potential adverse effects to human. There may be some regulatory actions directed against all registered products containing this chemical as an active ingredient at some time in the future.
2. Two copies of the finished printed labels, as defined in the A-79 enclosure, must be submitted to the Agency before the product is released for shipment to comply with PR Notice 82-2 of June 18, 1982.
3. The finished printed labels must comply with the general labeling requirements of Section 162.10 of Title 40 of the Code of Federal Regulations. If the label does not satisfy these requirements it will be rejected.

DANGER
PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
 Corrosive. Causes eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Irritating to nose and throat. Avoid breathing dust. May cause burns to broken skin. Wear goggles or face shield and protective clothing when handling. Wash hands after handling.

FIRST AID (PRACTICAL TREATMENT)
 If swallowed feed gravel, cooked cereal, or bread soaked in milk, followed by olive oil or cooking oil. In case of personal contact, remove excess material and flush skin or eyes with cold water for at least 15 minutes. For eyes get medical attention as soon as possible. Remove and wash contaminated clothing before reuse.

CHEMICAL HAZARDS
 Strong oxidizing agent. Do not use near or around utensils. Contamination with moisture, dirt, organic matter, or other chemicals, or any foreign matter may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire.

ENVIRONMENTAL HAZARDS
 This pesticide is toxic to fish. Keep out of lakes, streams, ponds, or public waters. Permits may be required for discharges containing this pesticide into public waters. For guidance contact the regional office of the Environmental Protection Agency.

SPECIAL PRECAUTIONS (PLEASE READ)

1. This product has a powerful chlorine odor. Hold away from face when opening to avoid breathing fumes.
2. Prolonged contact between this product in its undissolved state and vinyl liners or painted surfaces will result in bleaching of the vinyl or paint.
3. When adding this product to skimmer or feeder make sure there are no other chemicals present as a violent reaction may occur. It is always dangerous to mix chemicals.
4. Use this product as directed as per instructions on label. Do not take advice from others or experiment by yourself.
5. If this product is used to shock or superchlorinate a pool, after treatment it is important to brush walls and floor to expose algae that may be in cracks or wrinkles that might protect algae from high chlorine residual. Such protected algae will begin to reproduce again when high chlorine residual falls.
6. This product, because of its potent formulation, can be dangerous if not used properly. Do not mix with any other chemicals. This could result in a violent chemical reaction. Do not add water to this product in a closed container. Do not add this product to a small amount of water in a pail. When adding this product to skimmer make sure pump is on and water circulating so that material is drawn into recirculation system. Do not allow build up of dry material in skimmer as gases may generate and cause an explosion.

Pool Gran-56

ACTIVE INGREDIENT:
 Sodium Dichloro-s-triazinetriene 99.0%*
INERT INGREDIENT 1.0%
 *provides 56% available chlorine

KEEP OUT OF REACH OF CHILDREN
DANGER
 SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS
NET WEIGHT: 25 LBS.

DIREC
 This is a violation of federal law with its labeling.

Adjust the pH of the pool water with a suitable test kit. Adjust the pH to between 7.2 and 7.6. Add 125 ppm. In new pools add chlorine stabilizer at 10 ppm. This addition of chlorine stabilizer will provide any needed stabilizer level of approximately 10 ppm.

Before installing daily chlorine shock for each 5,000 gallons of pool water to eight ppm chlorine residual is obtained. Chlorine test kit. Allow the chlorine residual to remain in the 8-10 ppm range as determined by the test kit.

For daily use, add Pool Gran-56 to eight gallons of water. Add Pool Gran-56 to pool water with a chlorine residual of 1.0 ppm needed to maintain a chlorine residual of 1.0 ppm.

During especially hot periods (shock treat) the pool chlorine residual should be superchlorinated the pool chlorine residual to 10 ppm if algae are present in the pool.

STORAGE
 Keep product dry in a tight, cool, dry, well ventilated container. Isolate container from decomposition. Isolate container with large amounts of water. Place in trash collection bin. EPA Est. No 15127-NY-01
