┘

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This notice is hereby published in the Federal Register with the registration number (15127-19) effective on 10/13/87.

The registrant is advised that the registration of this pesticide is subject to the provisions of the Act and the Administrator's authority to suspend or cancel the registration of a pesticide in accordance with the Act.

The registrant is advised that the registration of this pesticide is subject to the provisions of the Act and the Administrator's authority to suspend or cancel the registration of a pesticide in accordance with the Act.

In the event the registrant is unable to comply with the requirements of the Act, the Administrator may suspend or cancel the registration of this pesticide.

The registrant is advised that the registration of this pesticide is subject to the provisions of the Act and the Administrator's authority to suspend or cancel the registration of a pesticide in accordance with the Act.
