

1981 #15134-5 P. 31

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling

DIRECTIONS FOR USE

FOR GENERAL DISINFECTION of hard, non-porous inanimate surfaces (glass, metal, plastic, glazed porcelain, linoleum, tile, leather, vinyl enamel and finished wood surfaces) on walls, floors, appliances and furnishings in industrial and commercial offices, restrooms and work areas

CLEANING AND DEODORIZING. Whenever practical, flush away gross soils with water. For cleaning and deodorizing use 5 to 8 ounces of **SPEARMINT** per gallon of water. Cleaning may be accomplished with a clean mop, sponge, squeegee, wet vacuum system, or a mechanical spraying device. After cleaning remove suspended soils with a clear water rinse, vacuum pick up or by wiping with a clean mop, sponge, squeegee or cloth.

DISINFECTING. Before disinfecting, pre-clean surfaces as directed above. Then, prepare 5 ounces of **SPEARMINT** per gallon of water and thoroughly wet the surfaces to be disinfected. The disinfecting solution must contact the surface for 10 minutes for proper disinfection. After the surfaces have been rinsed with clear water or wiped with a clean damp cloth.

When applied as directed to pre-cleaned hard, non-porous surfaces, this disinfectant also kills the following organisms at 5 ounces per gallon:

- Candida albicans
- Escherichia coli
- Streptococcus pyogenes
- Enterobacter aerogenes
- Shigella sonnei

SPEARMINT is effective against a wide variety of gram-positive and gram-negative bacteria.

Kills: Salmonella choleraesuis ATCC 10708, Staphylococcus aureus ATCC 6538, Streptococcus pyogenes ATCC 9342, Escherichia coli ATCC 11229, Enterobacter aerogenes ATCC 13048, Shigella sonnei, Candida albicans.

SPEARMINT is also an excellent deodorant. It is especially effective in controlling odors that are bacterial in origin.

SPEARMINT mixes readily with water and makes a clear, stable solution. In use dilution it is non-corrosive and non-staining to plastic, vinyl, synthetics, enamel, tile and most common metals. Has a pleasant mint odor.

SPEARMINT may be used through automatic floor scrubbing equipment.

This product must not be used on food contact surfaces.

ACCEPTED
 AUG 20 1985
 Under the Federal Insecticide,
 Fungicide, and Rodenticide Act,
 as amended, for the pesticide
 registered under
 EPA Reg. No. 15134-5

SPEARMINT

Disinfectant-Cleaner-Deodorant
Pleasantly mint scented

Active Ingredient	
AAH (Cl ₂ 50%, Cl ₂ 20%, Cl ₂ 14%)	2.0%
dimethyl benzyl ammonium chloride	98.0%
Inert Ingredients

For cleaning and deodorizing of garbage cans, garbage trucks, industrial waste receptacles and other garbage handling equipment. It is especially important to pre-clean, in order for the disinfectant to perform properly. Then apply a wetting solution of 5 ounces of **SPEARMINT** per gallon of water.

For cleaning of walls, floors and industrial work areas. Use 5-8 ounces per gallon of water. The use of rubber gloves is recommended for personnel doing continuous hand cleaning.

Precautionary Statements

Hazardous to Humans and Domestic

Animals

Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if swallowed. Avoid contamination of food. Avoid breathing spray mist.

Storage and disposal: Store only in tightly closed, original container in a secure area inaccessible to children and away from food or feed.

Do not reuse empty container. Rinse thoroughly before discarding in trash.

STORAGE AND DISPOSAL

Store only in tightly closed, original container in a secure area inaccessible to children. Do not contaminate water, food or feed by storage or disposal. Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Do not reuse empty container. Triple rinse empty container with water. Return metal drums to reconditioner or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. Plastic containers may be disposed of in a sanitary landfill, incinerated or, if allowed by local authorities, by burning. If burned, stay out of smoke.

Physical and chemical hazards: Do not use or store near heat or open flame.

Environmental hazards: This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public water unless in accordance with an NPDES Permit.

Do not contaminate water by cleaning of equipment or by disposing of wastes.
