Chemtox-PWR CONCENTRATE

Water Repellent Wood Preservative Concentrate 1 to 5

ACTIVE INGREDIENTS:

Pentachlorophenol	21.50%
Other Chlorophenols	3.50%
Tetrolethan Disulfate	30.50%

INERT INGREDIENTS:

TOTAL	45.01%
-------	--------

(Equivalent to 25.3% Technical Pentachlorophenol As Defined By Federal Specification TT-W-570)

DIRECTIONS

Dilute 1 volume of Chemtox-PWR Concentrate with 5 volumes of mineral spirits or other suitable solvent and agitate thoroughly for several minutes. In cold temperatures allow contents of container to warm up before removal. Cold weather does not injure the product but changes the viscosity. Product should not be stored outdoors in cold weather.

APPLICATION

For best results, immerse wood for 3 minutes or longer. If dipping is not possible, 2 liberal spray or brush applications should be made. Allow at least one hour drying time between applications. Be certain all areas are treated for maximum benefits. Allow 24 hours or longer after treating prior to painting.

Chemtox-PWR is recommended for prevention of decay, control of blue stain, and control of insect attack on wood. This preservative minimizes moisture content changes in wood and thereby reduces warping, shrinking, swelling, and checking in wood and wood products. Treatment against subterranean termites should be made before wood is in place in construction. Chemtox-PWR should be used on windows, window frames, siding and trim, sash, screen doors, shutters, louvers, frames to basementless space, steps, porches, railings, columns, exposed structural framing, gutters, flooring, rebars, penstocks, linings, stairs, trellises, furniture, fence posts, poles, telecommunication poles, and other wooden members should be treated with one and will remain and improve in the product for a period of 12 to 48 hours to be an effective wood preserver.

WARNING

KEEP OUT OF REACH OF CHILDREN.

- | | |
|---|--|
| Causes irritation. | Do not reuse container. |
| Harmful if inhaled, swallowed, or absorbed through skin. | Recover when empty. |
| Do not breathe vapors. | This product is toxic to fish and wildlife. |
| Do not get in eyes, on face, or clothing. | Keep out of lakes, streams, or ponds. |
| Wear rubber gloves and protective clothing when handling the freshly treated lumber. | Do not contaminate water by cleaning of equipment or disposal of wastes. |
| Wash thoroughly after handling. | Apply this product only as specified on the label. |
| In case of swallowing induce vomiting by giving an emetic such as warm salt water and CALL A DOCTOR IMMEDIATELY. | Do not use, pour, spill, or store near heat or open flame. |

NON WARRANTY

Seller warrants that this product conforms to the immediate statement on the label. Since conditions of use, such as weather, compatibility with other chemicals and condition of application equipment will vary, Seller makes no claim other than those stated on his label.
