

**DANGER:** Corrosive. May cause severe eye and skin irritation. Do not get in eyes, on skin, or on clothing. Wear goggles and rubber gloves when handling. Harmful if swallowed. Avoid contamination of food.

**FIRST AID:** In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory shock and depression may be needed.

### USE DIRECTIONS

Use 2 ounces Solu Soft 30G per 100 pounds of dry laundry in final rinse cycle. Fabric treated as directed will develop residual bacteriostatic activity and residual self sanitizing activity against Gram negative (Klebsiella pneumoniae) organisms under conditions of high humidity or wet contamination.

Solu Soft 30 inhibits the growth of ammonia producing organisms (B. am-  
moniacales) which act on urine in the  
diapers to produce ammonia.

Solu Soft 30G softens clothing, thus  
eliminating chaffing, "Static Cling"  
out of nylons and other synthetics.  
Improves ironing time.

Rinse empty container thoroughly  
with water and discard it.
