TERM OF ISSUANCE

NOTICE OF PESTICIDE:

REGISTRATION
REREGISTRATION

United States Department of Agriculture
Washington, DC 20250

NAME OF PESTICIDE PRODUCT

10-10-10 M...
...

NAME AND ADDRESS OF REGISTRANT (Include ZIP Code)

10-10-10
18-2
221712

NOTE: This notice is issued to the registrant to advise that the registration of this pesticide product is being renewed for a period of one year. The registrant is responsible for the accuracy of the information provided in this notice and for the proper maintenance of the product in accordance with the EPA registration requirements.

On the basis of the information provided by the registrant, the Office of Pesticides Programs hereby registers this pesticide product for use in the United States of America.

All copies of this notice shall be furnished to the State of California, the State of New York, and the State of Florida.

Registration of this pesticide product is subject to the condition that the registrant shall comply with the requirements of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and the regulations thereunder. A registrant who fails to comply with these requirements may be subject to the revocation of the registration of this pesticide product. A registrant who is required to comply with the requirements of FIFRA and the regulations thereunder shall do so in accordance with the requirements of FIFRA and the regulations thereunder.

3. The labeling for horses (i.e., directions for use and precautionary statements) are sufficiently different than that for dogs and cats to warrant a separate registration. Thus, you must submit a separate application for registration. Note that we do not consider your referenced product "Equicare Flysect" for horses as similar to your proposed product with respect to composition or percentage of active ingredients.

4. Your application and proposed labeling for use of this product on cattle is not acceptable. Please identify a registered product of identical/similar composition and use directions. We are not aware of the purpose of lanolin in cattle sprays nor are we aware of livestock owners brushing and bathing these animals prior to application of a cattle spray. Please explain.

5. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS

CAUTION

Hazards to Humans and Domestic Animals

Harmful if swallowed. Avoid breathing vapors. Do not spray in eyes, face or on genitalia. Do not use on nursing puppies or kittens under 3 months of age.

PHYSICAL and CHEMICAL HAZARDS

Do not use or store near heat or open flame.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician. Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger. Repeat until vomit fluid is clear. Do not induce vomiting or give anything by mouth to an unconscious person.

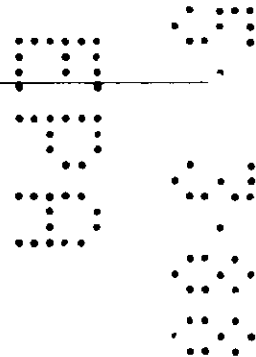

IF IN EYES: Flush eye with plenty of water. Call a physician if irritation persists.

IF ON SKIN: Wash affected area with soap and warm water.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated and call a physician.

CHAMF WILL BE OFFERING

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

On Dogs - kills fleas up to 14 days and ticks up to 4 days.
On Cats - kills fleas up to 14 days and ticks up to 9 days.

Spray the animal from a distance of 8-12 inches. Start spraying at the tail, moving the dispenser rapidly and making sure the animal's entire body is covered, including the legs and under the body. Fluff the hair as you spray so the spray will penetrate to the skin. Wet ticks thoroughly. Repeat as needed.

For cats apply at the rate of 1 second per pound of body weight. For dogs apply at the rate of 2 seconds per pound of body weight for thin or short dogs and up to 8 seconds per pound of body weight for heavy or long haired dogs.

STORAGE and DISPOSAL

Storage: Store in a cool area away from heat and open flame. Store above 32°F and protect from freezing.

Disposal: Do not re-use empty container. Wrap original container in several layers of newspaper and discard in trash.
