NOTE: Changes in labeling from the original registration or substance that are in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling for the product in connection with this registration/Reregistration was returned herewith.

Registration is not a warranty, approval, endorsement or recommendation of this Agency. In order to protect health and the environment, the Administrator, on his motion may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name or symbol for the registration of a product under the Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Propyl Disulfide, 100% Liquid, EPA Reg. No. 1529-0, is a highly volatile liquid which will ignite and burn readily.

It is a strong irritant to the eyes, nose, throat, and skin. It is also a strong irritant to the respiratory tract. It is highly flammable and should be stored in a cool, well-ventilated area.

Do not breathe vapors. Do not get liquid on your skin or clothes. If you release the product into the environment, it will be highly volatile.

Do not use the name "1529-0" or "EPA Registration No. 1529-0."

Do not use protective gloves (nitrile) to prevent skin contact. Do not use protective gloves (nitrile) to use sprayer around the product. Do not dip your hands into solution.

Do not use in areas where children play. Do not use in areas where children play.

Do not use directly to any body water. Do not use directly to any body water when dispensing. Do not use directly to any body water.

d. Under Precautionary Statements add, "Do not feed animals, less than 10 weeks of age."

e. Under Directions add, "Digging should not exceed 30 seconds. Allow animals to dig in warm place without covering or digging."

SIDE PANEL

Kills Fleas, Ticks, and Lice
Gives long lasting residual control and repellency

STATEMENT OF PRACTICAL TREATMENT

- If SWALLOWED: Call a physician or Poison Control Center immediately. Gastric lavage is indicated if material was taken internally. DO NOT INDUCE VOMITING. Vomiting may cause aspiration pneumonia.
- If ON SKIN: Remove contaminated clothing and wash affected areas with soap and warm water.
- If IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

PRECAUTIONARY STATEMENTS

W A R N I N G

Hazards to Humans and Domestic Animals

Causes skin irritation. Harmful if swallowed. Contains petroleum distillate. Do not induce vomiting because of aspiration hazard. Do not get in eyes, on skin, or on clothing. Do not contaminate food or feedstuff with this concentrate or dip.

Do not use this or any other pesticide on sick, old or debilitated pets.

Environmental Hazards

This product is toxic to fish and other aquatic animals. Do not contaminate any body of water with this concentrate or dip by cleaning of equipment.

Physical or Chemical Hazards

Do not use or store near heat or open flame.

DIRECTIONS FOR USE

If in violation of Federal law to use this product in a manner inconsistent with its labeling.

Kills Fleas, Lice and Ticks: Dilute 2 fluid ounces (6 label teaspoons) with one gallon of water. Dip animal into solution, making sure animal is thoroughly wet. Rinse animal with clean water. Container be opened thoroughly. Avoid contact of animal with eyes and ears. Do not apply to animal's face, or as necessary.

This concentrate provides long lasting residual control and repellency of fleas and ticks on animal's body.
