

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

FEB - 5 2004

Mr. David Peskin  
Creative Chemicals Inc.  
P.O. Box 471  
Palmer, MA 01069

Subject: Pronto Non-Acid Disinfectant Bowl & Bathroom Cleaner  
EPA Registration No. 15567-18  
Amendment Date: September 22, 2003  
EPA Receipt Date: November 18, 2003

Dear Mr. Peskin,

The following amendment submitted in connection with registration under FIFRA, as amended, is acceptable with the conditions listed below.

- Update the First Aid Statements per PR Notice 2001-1

**Conditions**

Revise the label as follows:

1. Revise the statement, "For Use In: Hospitals/ motels ... buildings" by deleting the ellipse(...) and "any" and by adding the phrase, "*on hard nonporous surfaces: walls, floors, garbage cans, bathroom fixtures, and showers, tubs, glazed tiles, sinks, and glazed porcelain.*"
2. Update the nomenclature for the organism, *Trichophyton interdigitalte*, to read "*Trichopyton mentagophytes.*" Revise the claim to read, "Effective against *Trichophyton mentagrophytes*, agent causes Athlete's Foot Fungus, in areas such as locker rooms, shower, and bath areas. Follow disinfection directions."
3. Under "Bathrooms," revise the claim "odor causing germs" to read "odor causing *bacteria.*"
4. Revise the "Cleaning" Toilet Bowls directions to read "For Disinfection of Toilet Bowls: Remove gross filth prior to disinfection. Empty toilet bowl or urinal. Apply 4 oz. of product into bowl. Thoroughly brush or swab exposed surfaces especially under the rim.

Allow to stand 10 minutes, then flush. **CONCURRENCES**

5. Since your product is making cleaning and deodorizing claims, you must add the following directions with an appropriate heading.

Cleaning and Deodorizing: Apply product to hard nonporous surfaces throughly wetting surfaces. Wipe or allow to air dry.

6. Revise the "Disinfecting" directions by stating "Preclean hard nonporous surfaces. Apply product with mechanical sprayer as to thoroughly wet surfaces. Allow surfaces to remain wet for 10 minutes. Allow to air dry or wipe surfaces with a clean cloth.

7. The HIV instructions must be revised as follows:

a) Bold and capitalize the phrase, "KILL HIV-1(AIDS VIRUS) ON PRECLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS."

b) Bold and capitalize the statement, " SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1(AIDS VIRUS) ON SURFACES/ OBJECTS SOILED WITH BLOOD/BODY FLUIDS."

General Comments

A stamped copy of the labeling accepted with conditions is enclosed. Submit three (3) copies of your final printed label before distributing or selling the product bearing the revised labeling.

If you have any questions regarding this letter, please contact Jacqueline McFarlane at (703) 308-6416.

Sincerely,  
*Velma Noble*

Not only helps control the hazard of cross-contamination from treated surfaces on hard, non-porous environmental surfaces, but also kills many microorganisms that cause odors. Recommended for disinfecting pre-cleaned hard, non-porous, inanimate surfaces. For use in: Hotels/motels, restaurants, hospitals, nursing homes... any commercial, institutional or industrial building.

Kills *Salmonella choleraesuis*, *Pseudomonas aeruginosa*, *Staphylococcus aureus* and *Trichophyton interdigitale* (Athlete's Foot Fungus).

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**FOR DISINFECTING:** Apply product to precleaned walls, floors, garbage cans and other hard, non-porous surfaces, such as bathroom fixtures and showers with mechanical spray device so as to thoroughly wet all surfaces for a contact time of 10 minutes. Let air dry or wipe dry.

**BATHROOMS:** Great for cleaning and deodorizing basins, tubs, and tiles. Leaves everything sparkling clean as it kills odor causing germs. Used where odors are a problem.

**FOR CLEANING TOILET BOWLS:** A preliminary cleaning is required. Remove or expel over the inner trap residual bowl water before applying solution. Use 4 oz. of product in bowl. Squeeze around bowl and under rim. This product, when used as directed, is safe for white and colored bowls or hard surfaces.

**MILDEWSTATIC INSTRUCTIONS:** This product will effectively inhibit the growth of mold and mildew plus the odors caused by them when applied to hard non-porous surfaces, such as walls, floors and table tops. Apply solution by spraying product, making sure to wet all surfaces completely. Let air dry. For best results, repeat weekly to control growth.

#### PRECAUTIONARY STATEMENTS

##### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Causes eye and skin irritation. Do not get in eyes, on skin or clothing. Wash thoroughly with soap and water after handling.

##### FIRST AID

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 - 20 minutes.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

precautionary statements.

CONTENTS: ONE QUART (0.946 Liters)

\*Kills HIV-1 (AIDS virus) on precleaned environmental surfaces/ objects previously soiled with blood/ body fluids in healthcare settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/ objects with blood or body fluids, and in which the surfaces/ objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

#### SPECIAL INSTRUCTIONS

for cleaning and decontamination against HIV-1 (AIDS virus) of surfaces/ objects soiled with blood/ body fluids.

**PERSONAL PROTECTION:** Disposable latex or vinyl gloves, gowns, face masks, or eye coverings as appropriate, must be worn during all cleaning of body fluids, blood, and decontamination procedures.

**CLEANING PROCEDURES:** Blood and body fluids must be thoroughly cleaned from surfaces and objects before application of disinfectant.

**CONTACT TIME:** After precleaning, 5 minutes at room temperature (20-25°C). Use a ten (10) minute contact time for disinfection against all other bacteria, fungi, and viruses claimed (listed on labelling).

**DISPOSAL OF INFECTIOUS MATERIALS:** Blood and other body fluids should be autoclaved and disposed of according to federal, state and other local regulations for infectious waste disposal.

#### STORAGE AND DISPOSAL

Store only in tightly closed, original container in a secure area inaccessible to children and away from food or feed. Refill empty container only with this product. Rinse empty container thoroughly before discarding in trash or recycle.
