

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Troy Chemical Industries
17040 Rapide Road

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

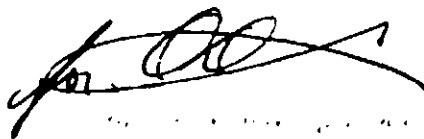

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This registration is not to be construed as a guarantee of safety with respect to the use of the pesticide in accordance with the label.

(1) It is understood that you will, as a condition of sale, all information required for registration or reregistration of this product under section 2104(a) of the FIFRA Act of 1972, and any other information of this nature, to permit our review.

(2) You will submit five copies of your final printed label complying with the requirements or revisions specified in the attachment to this registration notice. These labels must be submitted to the Agency before the product is released for shipment as required by PR Notice 22-1, of June 18, 1982.

Submit a copy of the draft label to EPA for your review. Your sales and distribution channels must be approved and you must submit a copy of the label to the Agency for review. The Agency will issue a registration or reregistration decision within 90 days of the date of receipt of the label.

The following requirements or revisions apply to the label which was accepted with this registration notice:

1. The registration number which has been assigned to this product must appear on the label as KPA Registration No. 15596-12.
2. Revise the sentence "For heavily soiled equipment, a preliminary cleaning is required" to read "A preliminary cleaning is required for all equipment."
3. Revise "escherichia" to read "Escherichia."
4. Change "Probably" to "Probable."
5. The labels which will be used for this product in channels of trade must reflect these revisions.
6. Five copies of the finished printed labels, as defined in the A-79 enclosure, must be submitted to the Agency before the product is released for shipment to comply with PR Notice 82-2 of June 18, 1982.
7. The finished printed labels must comply with the general labeling requirements of Section 162.10 of Title 40 of the Code of Federal Regulations. If the label does not satisfy these requirements it will be rejected.

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

TROY 1641 ACID SANITIZER
No-Rinse Acid Cleaner Sanitizer For
Dairy, Food Processing and Farm Use
Removes Milkstone

MAY 28 1985

Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under EPA Reg. No.

15586-12

Troy 1641 is an acid cleaner sanitizer for dairy and dairy equipment in water up to 600 ppm hardness. Rinse with water. For heavily soiled equipment, a scrubbing action is required. Prepare a fresh solution daily or when visibly dirty. For mechanical application, use a spray nozzle for sanitizing applications.

Active Ingredients

Octyl decyl dimethyl ammonium chloride	2.2950%
Didecyl dimethyl ammonium chloride	1.1475%
Diocetyl dimethyl ammonium chloride	1.1475%
Alkyl (C ₁₄ , 50%; C ₁₂ , 40%; C ₁₆ , 10%) dimethyl benzyl ammonium chlorides	3.0600%

Inert Ingredients

92.3500%
100.0000%

KEEP OUT OF REACH OF CHILDREN

DANGER

Statement of Practical Treatment

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution; or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probably mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed

Net Contents

Manufactured by:

Chemical Industries, Inc., Box 431, 17040 Rapids Rd., Burton, OH 44021

For sale for use and storage by maintenance personnel only.

Cleaning Bulk Milk Tanks, Dairy and Food Processing Equipment

Sanitizing — To sanitize hard non-porous food processing equipment, clean with Troy 1641 thoroughly, dilute 1 oz. of Troy 1641 in 4 gallons of water (1/4 oz. active quaternary) and apply with a cloth, brush or spray device (spray surface until thoroughly wetted). Surfaces should remain wet for at least 60 seconds before draining and air drying. Do not rinse with water.

Grade A Pasteurized Milk Ordinance

At 1 oz./4 gallons Troy 1641 fulfills the requirements of the Grade "A" Pasteurized Milk Ordinances 1978 of the U.S. Public Health Services in waters up to 600 ppm hardness calculated as CaCO₃ when evaluated by the Detergent Sanitizer Method against escherichia coli.

The udders, flanks and teats of dairy cows can be cleaned with a solution of 1 oz. Troy 1641 in 4 gallons of water. A potable water rinse is required. Use a fresh solution to avoid contamination of sanitizing solution by dirt. Rinse towel back into sanitizing solution. When solution is used, discard and provide fresh solution.

Precautionary Statement
Hazards To Humans and Domestic Animals

DANGER

Keep out of the reach of children. Corrosive to eyes, skin and mucous membranes. Do not get in eyes, on skin, or on face. Wear eye shield and rubber gloves when handling. Do not swallow.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Dumping is prohibited. Do not reuse empty containers. Rinse empty container thoroughly with water and dispose of contents in regular trash collection.
