

Algaecide C-50 Swimming Pool Algaecide

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS
AND DOMESTIC ANIMALS

DANGER

Keep out of reach of children. Corrosive. Harmful or fatal if swallowed. Causes severe eye and skin damage. Do not get in eyes, on skin, on clothing. Wear goggles or face shield and rubber gloves when handling. Avoid contamination of food. Wash thoroughly after handling.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge treated effluent into lakes, streams, ponds or public waters unless in accordance with a NPDES permit. For guidance contact your regional office of the Environmental Protection Agency.

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. If plastic, do not reuse empty container.

DISPOSAL: Pesticide or rinsate that cannot be used or chemically reprocessed should be disposed of in a land fill approved for pesticide or buried 10 feet deep away from water supply. Triple bagged and certified, all containers and, for metal containers, a bag for recycling or reconditioning (by plating, buffing, etc.) except in an incinerator), or disposed in landfill approved for pesticide containment or bury in a safe place. Consult federal, state or local disposal authorities for approved alternative procedures.

ACTIVE INGREDIENT:
n-Alkyl (50% C₁₄, 40% C₁₂, 10% C₁₆)
dimethyl benzyl ammonium chloride 10%
INERT INGREDIENTS 90%
TOTAL 100%

ONLY FOR SALE TO, USE AND
STORAGE BY SERVICE PERSONS.

KEEP OUT OF REACH OF CHILDREN

DANGER

STATEMENT OF PRACTICAL TREATMENT

SKIN AND EYES: In case of contact, immediately flush eyes with plenty of water at least 15 minutes, call a physician immediately. Wash skin thoroughly with soap and water. Remove and launder contaminated clothing before reweating.

INGESTION: If swallowed and victim is conscious, give two glasses of water to drink and call a physician immediately.

NOTE TO PHYSICIAN: Acute effects may include mucosal damage, severe laryngeal edema, and shock associated with corrosive agents. Alcohol can increase toxic effects. Delayed effects may include life-threatening respiratory paralysis and convulsions.

DIRECTIONS FOR USE GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

1. In freshly filled pools showing no visible algae growth, add one gallon Algaecide C-50 per 50,000 gallons of water to prevent algae growth.
2. If algae growth is observed, add one gallon Algaecide C-50 for each 20,000 gallons of water to kill and control those algae species most commonly found in swimming pools. When existing growth is dead, clean the pool, drain and refill if necessary, and add one gallon Algaecide C-50 per 50,000 gallons of water. If visible algae are still present or reappear, repeat this treatment procedure.
3. If the pool water treated as in (1) or (2) above is recycled, add one gallon of Algaecide C-50 per 50,000 gallons of water every five to seven days to maintain between two and five parts per million of active ingredient. See user manual for test kit.
4. If the pool water treated as in (1) or (2) above is not recycled or not filtered, it should be tested periodically to determine the active ingredient content. When necessary, one gallon Algaecide C-50 per 50,000 gallons of water should be added to maintain two to five parts per million of active ingredient.

Effective against green algae (*Anabaena flos-aquae*, *Chlorella pyrenoidosa*) and blue-green algae (*Calothrix parvula*, *Neotocia sp.*, *Oscillatoria sp.*, and *Phormidium sp.*).

NOTE: For maximum effectiveness, distribute Algaecide C-50 dosage around pool edges or near pump where it can mix uniformly into the circulating water. Allow adequate time for thorough mixing before re-entering pool (at least ten minutes). Clean pool of debris prior to treatment. DO NOT mix Algaecide C-50 with other chemicals; add directly to pool water.

Algaecide C-50 may be used in all sizes and types of pools and is compatible with most waters and chemicals normally used in swimming pools. Does not require special equipment.
