

GERMICIDAL DEODORIZING CLEANER

EFFECTIVE AGAINST ODOR CAUSING GERMS

FOR ALL WASHABLE HARD SURFACES. Natural pine-fresh scented Pine-Ola cuts through wax, grease, grime, and film with no hard rubbing or rinsing required. Pine-Ola also helps prevent mold and mildew and the odors they cause. Pine-Ola is safe for finished wood, metal, glass, and plastic surfaces, floors, walls, woodwork, draper and garbage pails, car and boat interiors, and white wall tiles. Use Pine-Ola to clean and deodorize all through the house, in the bathroom, kitchen, basement, pet areas, and garage.

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its label. Use 1/2 cup Pine-Ola in 1 gallon of water, or add Pine-Ola to other detergents to improve their cleaning power. For tough cleaning jobs, use Pine-Ola full strength to clean and deodorize the toilet bowl, for making paint brushes, and to clean tough stains such as lipstick, scuff marks, gum, oil, and grease. For sensitive skin, wear rubber gloves. Rinse thoroughly. For a clean, fresh smelling car, use 1 tablespoon Pine-Ola per each gallon of soapy water. **Laundry:** For extra cleaning power when washing work clothes or diapers, add 1/2 cup Pine-Ola (along with detergent) per each wash load. To deodorize diapers, pre-soak them using 1/2 cup Pine-Ola per each gallon of water.

STORAGE AND DISPOSAL: Rinse empty containers thoroughly with water and discard in regular trash collection.

PRECAUTIONARY STATEMENTS: Hazard to humans and domestic animals. Causes eye and skin irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Avoid contamination of food. **First Aid:** In case of skin or eye contact, flush thoroughly with plenty of water. For eyes, call a physician. If swallowed, do not induce vomiting, but drink promptly a large amount of milk or water and call a physician.

PHYSICAL OR CHEMICAL HAZARD: Keep away from heat, sparks and open flame.
