

DEC 6 1988

Mr. Scott Hathorn III
Monterey Chemical Company
5150 North Sixth Street, Suite 150
P.O. Box 5317
Fresno, CA 93755

Dear Mr. Hathorn:

Subject: Amended Labeling
Montar
EPA Registration No. 17545-3
Your Submission Dated August 3, 1988

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided that you:

1. Make the labeling change listed below before you release the product for shipment bearing the amended labeling.
 - In noncrop areas delete "and recreation areas such as golf courses and parks." These sites are not associated with noncrop areas but with established turf.
2. Submit one (1) copy of your final printed labeling before you release the product for shipment.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

Richard F. Mountfort *RFM*
Product Manager (23)
Fungicide-Herbicide Branch
Registration Division (TS-757C)

MONTAR

For General Postemergent
Weed Control

ACTIVE INGREDIENTS:

Sodium Cacodylate	23.40%
Dimethylarsinic Acid	4.00%
(Cacodylic Acid)	

INERT INGREDIENTS: 72.60%

TOTAL 100.00%

*Total Arsenic (as elemental) all in water soluble form 13.13%
Contains 2.48 lbs Cacodylic Acid Equivalent per gallon.

EPA Reg. No. 17545-3
EPA Est No. 2853-NJ-1
NET CONTENTS: 5 GALLONS

DEC 6 1988

Read entire label before using this product :

KEEP OUT OF REACH OF CHILDREN
CAUTION:

Precautionary Statements
Hazards to Humans and Domestic Animals

17545-3

Harmful if swallowed or inhaled. Avoid breathing spray mist. (Coarse sprays are less likely to drift.) Avoid contact with eyes, skin or clothing. Causes eye irritation. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Keep children and domestic animals off treated areas until washed into the soil. Avoid contamination of feed or food products.

STATEMENT OF PRACTICAL TREATMENT

If swallowed, call a physician immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.
If on skin, wash with plenty of soap and water. Get medical attention if irritation persists.
If inhaled, remove victim to fresh air. Apply artificial respiration, preferably by mouth to mouth, if indicated.
If in eyes, flush with plenty of water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to water or wetlands. Do not contaminate water when disposing of equipment washwaters.

GENERAL INFORMATION: MONTAR is a non-selective postemergence herbicide. MONTAR will kill grasses and broadleaf weeds on contact. MONTAR contains a suitable wetting agent for normal use. However, for certain hard-to-kill and larger weeds in cold regions, addition of non-ionic surfactant may enhance weed control.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

CHEMIGATION: DO NOT apply this product through any type of irrigation system.

Fill clean spray tank with appropriate amount of water. Add MONTAR to tank as recommended below and thoroughly mix. Apply MONTAR according to the following table to top-kill annual and perennial weeds. Apply MONTAR as a broadcast treatment or directed spray to weeds around desirable plants. Wet foliage of actively growing weeds to run-off. Should regrowth occur, retreat as needed at 5-day intervals. Sunshine and temperatures above 70°F will accelerate herbicidal activity.

MONTAR	Amount of Water	Area Covered
3 gallons	40-100 gallons	1 Acre
9 fl. ounces*	1-2 gallons	1,000 sq. ft.

* Equivalent to 18 tablespoonfuls.

Avoid spray contact with desirable plants.

DO NOT use in vegetable gardens or around crops grown for food or feed.

DO NOT contaminate water used for irrigation or domestic purposes.

NON-CROP AREAS: Apply MONTAR as recommended above for general weed control around buildings, industrial sites, storage yards and vacant lots; rights-of-ways and roadways; fencerows and drainage ditchbanks; and recreation areas such as golf courses and parks.

LAWN ESTABLISHMENT AND RENOVATION: Use MONTAR as recommended above to destroy weeds before lawn establishment or weeds and existing turf before lawn renovation. For best results, mow weeds or turf to about 1" height before treatment. If needed, repeat application as indicated above.

Caution: Delay reseeding for at least 5 days after last application. Dead vegetation need not be removed unless matted turf or thatch prevents lawn seed from making soil contact. Precede reseeding by heavily watering treated area. Seed may be worked into soil, if necessary, by scarifying or raking. A light top dressing of screened peat moss will help retain moisture during seed germination. Keep reseeded area moist.

This product is manufactured by:

Monterey Chemical Company

STORAGE AND DISPOSAL

PROHIBITION: Do not store near feed or food products.

PESTICIDE DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixtures, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representatives at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

WARRANTY - CONDITION OF SALE: DIRECTIONS FOR USE of this product are based on field use and tests believed reliable and should be followed carefully. It is however, impossible to eliminate all risks associated with use of this product. Because such factors as weather conditions, foreign material and manner of use for application are all beyond the control of Monterey Chemical Company or the Seller of this product, such things as crop injury, ineffectiveness or other unintended consequences may result. ALL SUCH RISKS ARE ASSUMED BY THE BUYER.

Monterey Chemical Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the direction for uses as modified by the above. Monterey Chemical Company makes no other warranties, express or implied, including FITNESS or MERCHANTABILITY. In no case shall Monterey Chemical Company or the Seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. The foregoing is a condition of sale by Monterey Chemical Company and is accepted as such by the Buyer.

BEFORE USING ANY HERBICIDE, STOP AND READ THE LABEL.
