

# JOMAX

## MOLD & MILDEW REMOVER™

**CONCENTRATED** 1 Quart makes  
5 Gallons

Contents:

ACTIVE INGREDIENT:

O-phenylphenol, sodium salt

.25%

INERT INGREDIENTS:

99.75%

**CAUTION:**

KEEP OUT OF REACH OF CHILDREN

See back panel for additional cautions.

One Quart

MIX ACCORDING TO THE FOLLOWING DIRECTIONS:

Exterior Wood and Paint, Interior Tile and Paint

First pour 3 pints of common household bleach (5% sodium hypochlorite) into 2 gallons of water, then add 1 pint of Jomax concentrate and mix.

Stone-Brick-Stucco

First pour 4 pints of common household bleach (5% sodium hypochlorite) into 2 gallons of water, then add 1 1/2 pints of Jomax concentrate and mix.

Small Household Jobs

First pour 3 ounces of common household bleach (5% sodium hypochlorite) into 1 quart of water, then add 1 ounce of Jomax concentrate and mix.

Note: Hot water is best for fastest results.

Important:

1. Do not allow product to come into contact with fabrics.
2. Use immediately after mixing. Mixture life 3 hours.
3. Rinse spray applicator after use, with mixture of baking soda and water.
4. Any yellowing of surface after cleaning with Jomax will disappear in approximately 48 hours.

**HOW TO APPLY JOMAX MIXTURE**

"SHAKE WELL"

Spray a fine mist of mixture on the mold and mildewed area until the surface is moist. Repeat application until surface is clean. Wait five minutes between applications. When surface is clean, rinse thoroughly with water.

Cover plants and shrubs with light drop cloth. If no cover is available, rinse with water before and after cleaning.

For severe mold and mildew, or very dirty, porous surfaces, scrubbing is recommended.

**RECOMMENDED APPLICATORS**

1. Tank-Type Garden Sprayer
2. Airless or Compressor Paint Sprayer
3. Common household Plastic Spray Bottle. See dealer for more details.

Note: Do not use garden hose spray attachment.

**CAUTION:**

Protection goggles or equivalent should be worn. If mixture gets into the eyes wash promptly and thoroughly with copious amounts of flowing water for at least 15 minutes. Call physician.

If mixture should come in contact with skin, rinse with soap and water. If any irritation develops call physician.

Do not use in confined areas without proper ventilation.

For any noticeable ill-effects from breathing Jomax mixture, move to fresh air.

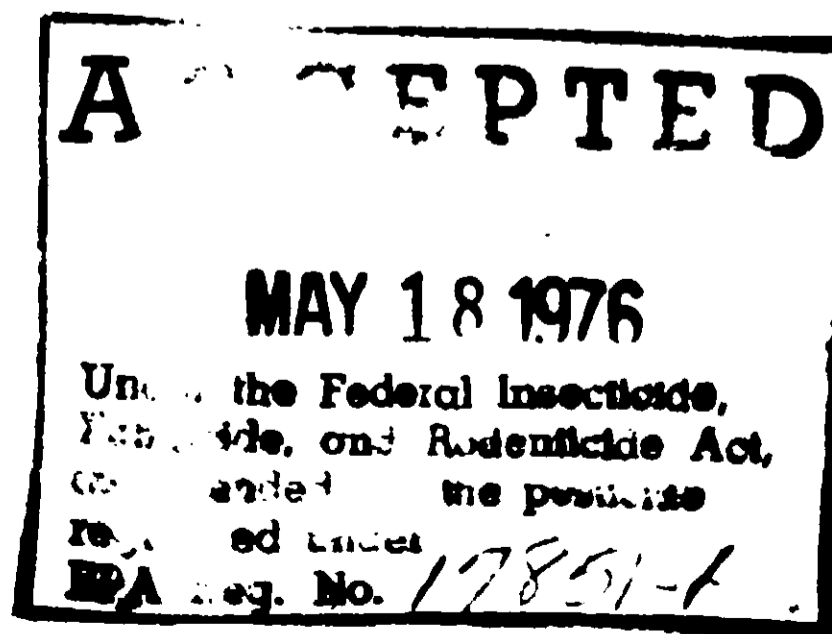

If swallowed, feed milk and call physician.

Do not reuse container. Destroy when empty.

Do not contaminate water source by cleaning of equipment, or disposal of wastes.
