

JM 21 (20-11-1207) - 4

MAY 24 1988

Private Label Chemicals, Inc.  
601 Second Street SE.  
Minneapolis, MN 55414

Attention: Sylvia Van Grastek

Gentlemen:

Subject: FLC Quat I  
EPA Registration No: 18035-4  
Your Application Dated June 29, 1988

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling.
  - a. Delete the word "Sanitizer" from the product name (front panel only). Note that the label does not have sanitizing claims.
  - b. Revise your pesticide disposal instructions to read:
 

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinseate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instruction, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
  - c. Delete the word "milk" from the Statement of Practical Treatment.

- 2/3
- d. Include the "Directions For Use" heading directly above the misuse statement "It is a violation . . . ."
  2. Deletion of the toxic inert ingredient, Rhodamine B, from the formulation is in compliance with PR Notice 87-6 and is acceptable.
  3. Ask your supplier to submit the full chemical composition, CAS Number, CI Number, and Material Safety Data Sheet for the substitute dye Disperse Brilliant Red X2B.

Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

If you have any questions concerning this letter, please contact Martha DeLaney at (703) 557-6982.

Sincerely yours,

  
John H. Lee
