This product has been formulated for the effective sanitizing of environmental surfaces in Hospitals, Nursing Homes and Institutions. This product contains no phosphorous compounds. When used as recommended, it is effective against Escherichia coli, Staphylococcus aureas, Salmonella choreraisuis, Pseudomenas auruginosa and Trichophyton interdigitale. For heavily soiled or contaminated areas, a precleaning step is recommended.

### DANGER

Keep Out of Reach of Children. Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Protect eyes and skin when handling concentrate. Harmful if swallowed. Avoid contamination of food.

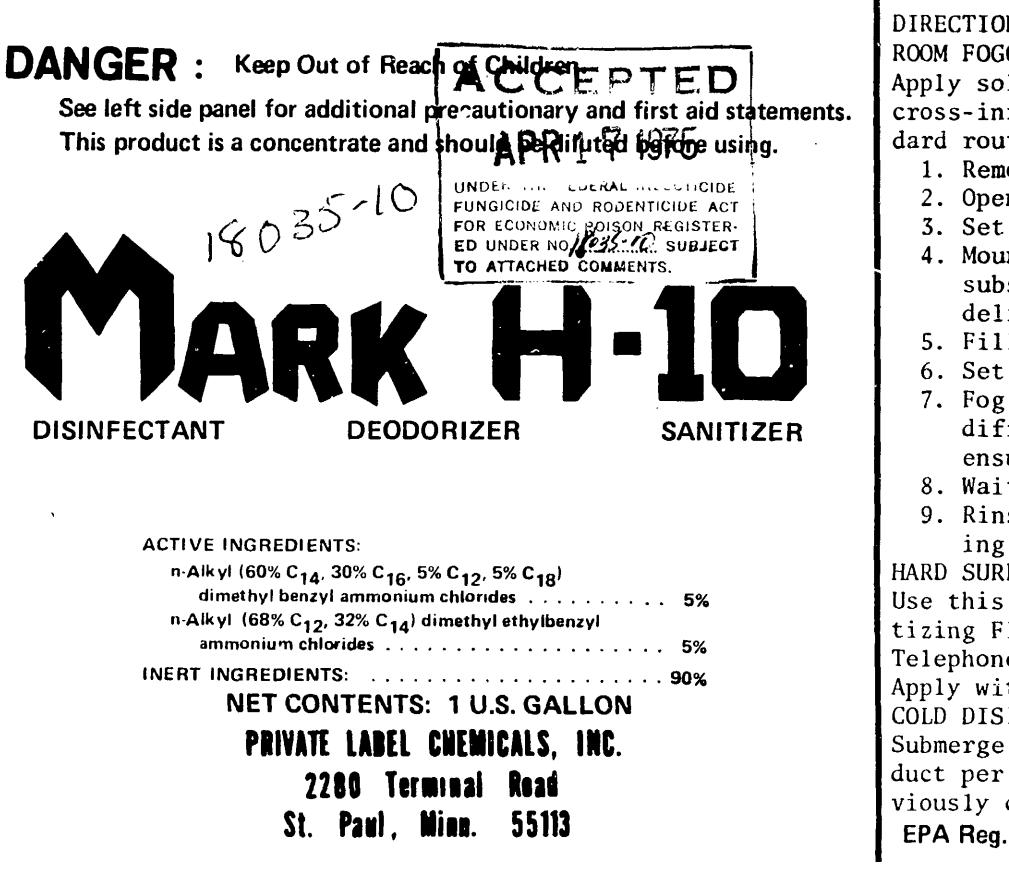

# FIRST AID

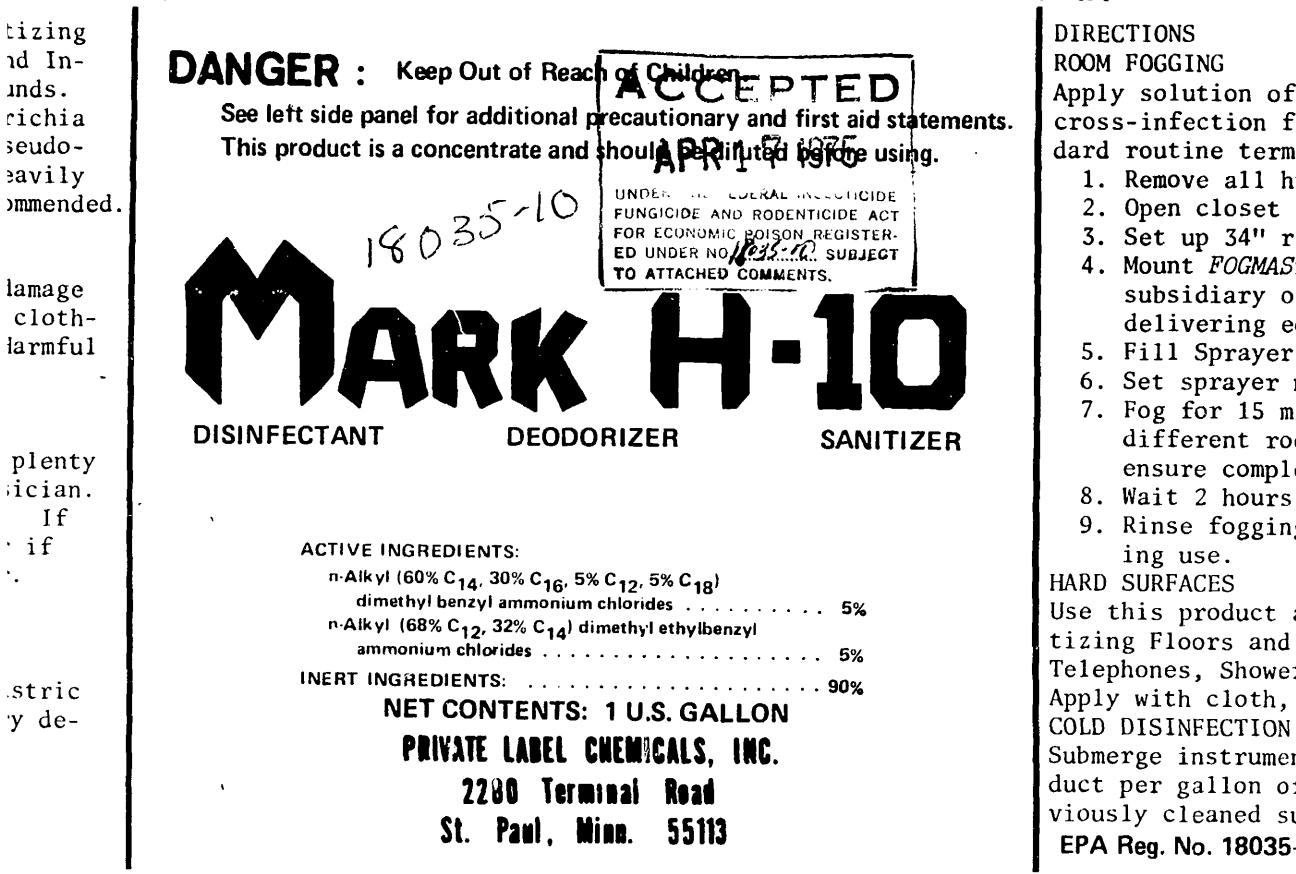

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Call a physician.

## NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and cenvulsion may be needed.

Rinse empty container thoroughly with water and discard.

Apply solution of this product as a fog, to minimize the danger of cross-infection from environmental surfaces, before applying standard routine terminal cleaning and disinfecting practices. 1. Remove all human, animal, and plant life from room. 2. Open closet doors and drawers. 3. Set up 34" revolving platform in center of room. 4. Mount FOGMASTER TRI-JET, model 6208 (manufactured by AFA Corp. subsidiary of Thiokol Chemical Corp.) or other fogging device, delivering equivalent spray at 3 RPM. 5. Fill Sprayer reservoir with 1.5 oz. of this product. 6. Set sprayer mechanism to deliver 1 gallon of solution. 7. Fog for 15 minutes for an average 2100 cu. ft. room. For different room sizes, vary spray time proportionately to ensure complete wetting of exposed surfaces. 8. Wait 2 hours before entering room after treatment. 9. Rinse fogging equipment thoroughly with clear water follow-Use this product at  $3\frac{1}{2}$  ounces per 5 gallons of water for sanitizing Floors and Walls as well as Sink tops, Garbage Pails, Telephones, Shower Stalls, Locker Rooms and Restrooms. Apply with cloth, sponge, mop, or spray. Submerge instruments into solution containing  $1\frac{1}{2}$  oz. of this product per gallon of water for 10 minutes for disinfection of previously cleaned surgical instruments; barber and dental equipment.
