STA-GONE Roach Control is a white, free flowing powder that helps to control and prevent the further infestation of all types of Roaches.

DIRECTIONS FOR APPLYING STA-GONE

Prepare a bait by placing a teaspoonful of STA-GONE Roach powder in a small flat container such as a two inch piece of foil or wax paper. Place these baits in areas of infestation, especially near water sources, under sinks, stoves, refrigerators, washers, in bathrooms and in corners of cabinets and cupboards. Use a minimum of 8-10 bait stations per room or area. Use additional baits where heavily infested. Dust STA-GONE in cracks, holes and other areas that are inaccessible.

IMPORTANT — Apply only in areas NOT ACCESSIBLE to Children.

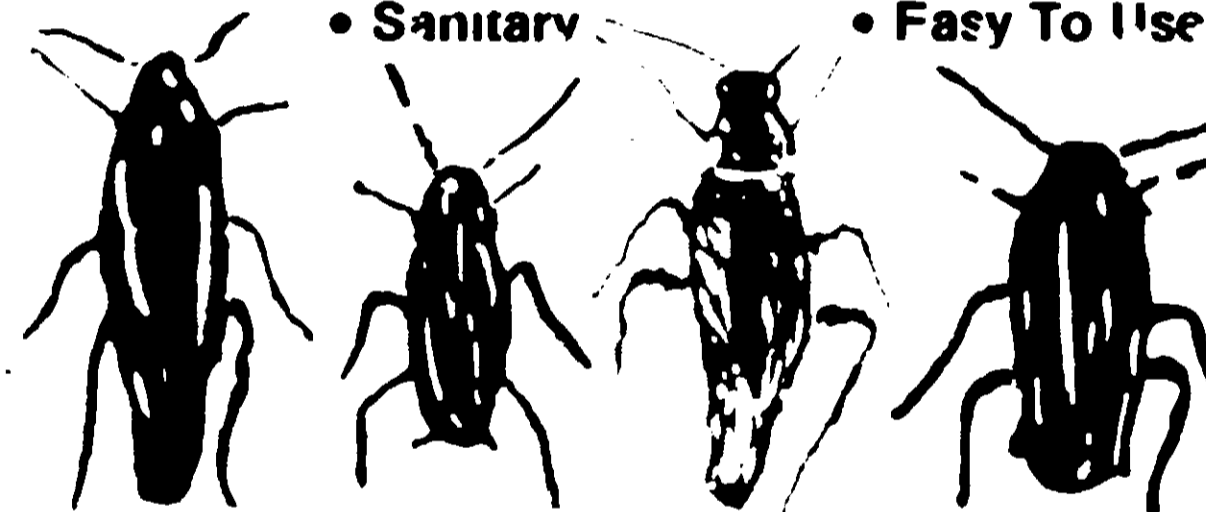

Do not re-use container. Destroy when empty.

Manufactured and Distributed by
