

US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (75-767) WASHINGTON, DC 20460 NOTICE OF PESTICIDE: <input type="checkbox"/> REGISTRATION <input checked="" type="checkbox"/> REREГИSTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)	EPA REGISTRATION NO. 18723-1	DATE OF ISSUANCE 13 OCT 1987
	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT Chem-Clear	
NAME AND ADDRESS OF REGISTRANT (Include ZIP code)		
Midwest Pool Supply Company, Inc. 1524 West Beltline Middleton, WI 53562		
<p>NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.</p> <p>On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.</p> <p>A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.</p> <p>Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>Based on your response to the General Registration Standard - "Guidance for the Registration and Reregistration of Pesticide Products Containing Sodium or Calcium Hypochlorite as the Sole Active Ingredient"--issued February 1986 and revised April 1986, EPA has reregistered the product listed above in accordance with FIFRA section 3(c).</p> <p>Your amended label has been stamped approved and a copy is enclosed. You must incorporate any comments noted on your label. This label must be on products released for shipment within 1 year or by the next label printing, whichever occurs first. This label must also appear on all supplemental registrations within 1 year of this Notice of Reregistration or at the next label printing, whichever occurs first.</p> <p>Your product meets the criteria for reregistration under this Standard. Failure to comply with this Standard may result in the Agency's issuance of a Notice of Intent to Cancel the registration under FIFRA section 6(b)(1).</p> <div style="text-align: right;">  Jeff Kemper Product Manager (32) Disinfectants Branch Registration Division (75-7070) </div>

CHEM - CLEAR

SODIUM HYPOCHLORITE SOLUTION FOR

SWIMMING POOL

BACTERIA AND ALGAE CONTROL

ACTIVE INGREDIENT:
Sodium Hypochlorite.....11.6%

INERT INGREDIENT:88.4%

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS (AND
DOMESTIC ANIMALS)**

WARNING: May cause severe eye and skin irritation. Harmful if swallowed. Do not get on skin, in eyes or on clothing. Wash thoroughly after handling. Remove and wash contaminated clothing before use.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Keep out of lakes, streams and ponds unless a discharge permit is obtained.

PHYSICAL AND CHEMICAL HAZARDS: Mix only with water according to label directions. Do not mix with other products or chemicals (such as household ammonia, detergents or acids). To do so will release hazardous gases. Use only in well ventilated areas. Organic contamination must be removed by washing and rinsing with recommended use dilutions. Vacate treated areas as soon as possible and do not return until vapors and odors have dissipated.

DIRECTIONS FOR USE

It is in violation of Federal law to use this product in a manner inconsistent with its labeling.

CHEM-CLEAR may be poured directly into the pool water using standard hypochlorinating equipment. When added directly to the pool, distribute around perimeter of pool and allow time for mixing to achieve residual.

Initial Treatment: For freshly filled pool, maintain Chlorine between 0.8 and 1.0 ppm. Add 1/2 cup (4 oz.) CHEM-CLEAR per 10,000 gal. of water. If desired level is not achieved, add 1/4 oz. CHEM-CLEAR per 10,000 gal. to raise residual level 0.1 ppm.

Maintenance: Add 8 oz. CHEM-CLEAR per 10,000 gal. of water as needed. Variations in temperature, number of swimmers, dog feces, etc. affect the requirement of disinfectant.

Note: Product degrades with age. Use a suitable test kit or titration as necessary to obtain the required level of available chlorine. Test the PH of the water and maintain a reading between 7.2 and 7.8.

Keep Out of Reach of Children

WARNING DANGER

STATEMENT OF PRACTICAL TREATMENT

If on SKIN — Flush skin with plenty of soap & water.

If in EYES — Flush with water for at least 15 minutes. Get medical attention.

If SWALLOWED — Drink a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. DO NOT GIVE VINEGAR OR OTHER ACIDS. DO NOT INDUCE VOMITING. GET PROMPT MEDICAL ATTENTION.

SUPERCHLORINATION

To Superchlorinate — Add 3 quarts CHEM-CLEAR per 10,000 gal. of water as a total amount at one time. This should be done at night or when pool is closed. There will be an initial high residual reading (5.0 to 10.0 ppm.). After 24 hours, there will be all dead algae. Do not use the pool until residual level drops to 1.0 ppm. as determined by test kit. Superchlorination is recommended for heavily used commercial pools and once every two weeks for residential pools receiving normal use.

Storage and Disposal

This product must be kept in locked storage inaccessible to children or persons unfamiliar with proper use. Do not contaminate water, food or feed. For disposal or cleaning of equipment, Pesticide or rinses should not be used or chemically reprocessed should be disposed of at a landfill approved for pesticides, or buried in a safe container. Consult federal, state or local authorities for approved alternative procedures.
