U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
19679-5

Date of Issuance:
8 FEB 1995

Term of Issuance: Conditional

NOTICE OF PESTICIDE:
 X Registration
 Reregistration

Name of Pesticide Product:
Delaer AK Aerosol
Insecticide

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Delsea Sanitation Services, Inc.
24 South 41st Street
Camden, NJ 08105

Minor Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 19679-5".
 - b. Delete the term -General Classification- from the label since the use of this pesticide is not classified.
 - c. For your installation instructions, modify the required placement distance from food to 8 feet, instead of 3 feet. This is consistent with the labeling of the cited product.

d. Your reported "flash point" is .67° F; this requires the Physical or Chemical Hazards section to read:

Extremely flammable. Contents under pressure. Keep away from fire, sparks, and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

e. Add the following precautionary text: "Device should be timed so as not to dispense while food processing is underway. Foods should be removed or covered in such a way as to prevent contamination. All food processing surfaces should be covered during treatment or washed with an effective cleaning compound followed by a potable water rinse.

f. The "contains petroleum distillate" should be placed as a footnote or substatement to the ingredient statement. Simply move the phrase "contains petroleum distillate" below the inert ingredient declaration as follows:

ACTIVE INGREDIENTS:

Pyrethrins 1.8%
*Piperonyl Butoxide. 10.0%

****INERT INGREDIENTS: 88.2%**

* Equivalent to 8.00%. . .related compounds.
** Contains petroleum distillate

3. Since you are opting for the "cite-all" method of support, submit a new Certification with Respect to Citation of Data with an additional signature for the General Offer to Pay clause at the bottom of the form.

4. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Rebecca S. Cool
Acting Product Manager 10
Insecticide & Rodenticide Branch

PRECAUTIONARY STATEMENTS

**Hazards to Humans
(and Domestic Animals)**

CAUTION

Do not install directly over any food handling or dispensing area. Do not use in nurseries or rooms where infants, ill or aged persons, are confined. Cover fish bowls when in use.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 126°F may cause bursting.

DIRECTIONS FOR USE

General Classification

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place.

Disposal: Do not use empty container. Wrap container and put in trash collection.

To Install: Place dispenser three feet (3 ft.) from exposed food. Install at a distance of seven feet (7 ft) from the floor and where air currents will carry spray throughout room. One unit will treat up to 6,000 cubic feet of air space (a room 30x20x10) for 30 days, 24 hours a day.

To Operate: Remove protective cap and place can in dispenser. Turn on dispenser. The automatic dispenser will dispense 50 mg. of insecticide every 15 minutes. Its effectiveness will be noticeable one hour after activation.
