SUBJECT: Label Amendment  
Drexel Atrazine Technical, EPA Reg. No. 19713-7  
Your Application Dated February 18, 2002

The above mentioned amendment submitted in connection with registration under Federal Insecticide, Fungicide, and Rodenticide Act, as amended is acceptable provided you make the required changes listed below:

- Under the "Direction for Use" section change "heavy-duty fabric gloves and boots" to "chemical-resistant gloves, such as \_\_\_ or \_\_\_ or \_\_\_ and chemical-resistant footwear" and change "heavy-duty rubber or neoprene gloves and a face shield or goggles" to "chemical-resistant gloves, such as \_\_\_ or \_\_\_ or \_\_\_ and protective eyewear".
- Provide a list on the label of uses for <sup>which</sup> ~~what~~ this technical can be used to formulate end use product and for which you have satisfied the data compensation requirements.

CONCURRENCES

SYMBOL ▶	7505C							
SURNAME ▶	MINOR, E.							
DATE ▶	Mar 15, 2002							

3. under the "Directions for Use" remove "If this product is used to formulate turf and/or lawn care products the following restrictions do not apply".

A stamped copy is enclosed for your records. Please submit one (1) final printed copy for the above mentioned label before releasing the product for shipment. The amended labeling supersedes all previously accepted ones.

Sincerely,

James Tompkins  
Product Manager, (25)  
Herbicide Branch  
Registration Division (7505C)

FIRST AID
<b>IF SWALLOWED:</b> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious or convulsing person.
<b>IF INHALED:</b> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.
<b>IF ON SKIN OR CLOTHING:</b> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15 to 20 minutes.
<b>IF IN EYES:</b> • Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), call the National Pesticide Telecommunications Network at 1-800-858-7378.
<b>NOTE TO PHYSICIAN:</b> There is no specific antidote for atrazine. If this product is ingested, induce emesis or lavage stomach. The use of an aqueous slurry of activated charcoal may be considered.

**PRECAUTIONARY STATEMENTS**

**Hazards to Humans and Domestic Animals**

**CAUTION:** Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Harmful if swallowed, inhaled or absorbed through the skin. Do not breathe dust or mist. Wash thoroughly with soap and water after handling and before eating or drinking. Remove contaminated clothing and wash before reuse.

**ENVIRONMENTAL HAZARDS**

This product is toxic to aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters, unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

No end use for this product other than manufacturing is intended or implied by this label.

Formulators using this product are responsible for obtaining EPA registration for their formulated products.

This product can only be used to formulate products with agricultural weed control directions if the labeling for such end use products contains a restricted use classification and the following information and/or revised use directions.

If this product is used to formulate lawn care products with less than 2% atrazine active ingredient, the following restrictions do not apply.

If this product is used to formulate Turf and/or lawn care products the following restrictions do not apply.

- Users are required to wear long-sleeved shirt and long pants or equivalent, heavy-duty fabric gloves and boots (water-proofed). In addition, persons involved in mixing/loading operations are required to use heavy-duty rubber or neoprene gloves and a face shield or goggles.

**RESTRICTED USE PESTICIDE**

**(GROUND AND SURFACE WATER CONCERN)**

FOR RETAIL TO AND USE ONLY BY CERTIFIED APPLICATORS OR PERSONS UNDER THEIR DIRECT SUPERVISION, AND ONLY FOR THOSE USES COVERED BY THE CERTIFIED APPLICATOR'S CERTIFICATION.

THIS PRODUCT IS A RESTRICTED USE HERBICIDE DUE TO GROUND AND SURFACE WATER CONCERNS. USERS MUST READ AND FOLLOW ALL PRECAUTIONARY STATEMENTS AND INSTRUCTIONS FOR USE IN ORDER TO MINIMIZE POTENTIAL FOR ATRAZINE TO REACH GROUND AND SURFACE WATER.

- All permanent liquid bulk storage sites should be diked and floored using an impermeable material.
- This product may not be mixed/loaded or used within 50 feet of any wells, including abandoned wells, drainage wells, and sinkholes. Operations that involve mixing, loading, rinsing, or washing of this product into or from pesticide handling or application equipment or containers within 50 ft. of any well are prohibited unless conducted on an impervious pad constructed to withstand the weight of the heaviest load that may be positioned on or moved across the pad. Such a pad shall be designed and maintained to contain any product spills or equipment leaks, container or equipment rinse or wash-water, and rainwater that may fall on the pad. Surface water shall not be allowed to either flow over or from the pad, which means the pad must be self-contained. The pad shall be sloped to facilitate material removal. An unroofed pad shall be of sufficient capacity to contain at a minimum of 110% of the capacity of the largest pesticide container or application equipment of the pad. A pad that is covered by a roof of sufficient size to completely exclude precipitation from contact with the pad shall have a minimum containment capacity of 100% of the capacity of the largest pesticide container or application equipment on the pad. Containment capacities as described above shall be maintained at all times. The above-specified minimum containment capacities do not apply to vehicles when delivering pesticide shipments to the mixing/loading site. States may have in effect additional requirements regarding well-head setbacks and operational area containment.

Manufactured By:

**Drexel Chemical Company**

P.O. BOX 13327, MEMPHIS, TN 38113-0327

SINCE 1972

• 7SP-0202++ Pending

All applicable directions, restrictions and precautions on the EPA registered label are to be followed. This label must be in the possession of the actual product user at the time of application.

**TILE-TERRACED FIELDS CONTAINING STANDPIPES**

To ensure protection of surface water from runoff through standpipes and tile outlets in terraced fields, one of the following options may be used:

- a) Do not apply this product within 66 feet of standpipes in tile-outletted terraced fields.
  - b) Apply this product to the entire tile-outletted terraced field and immediately incorporate it to a depth of 2 to 3 inches in the entire tile-outletted terraced field.
  - c) Apply this product to the entire tile-outletted terraced field under a no-till practice only when high crop residue management practices are used. High crop residue management practice is described as a crop management practice where little or no crop residue is removed from the field during or after crop harvest.
5. Post-emergence application to Corn and Sorghum must be made before Corn and Sorghum reach 12 inches in height.
6. Applications for Quackgrass suppression in Corn and Sorghum are restricted to a Spring application only. No Fall applications are permitted.
7. A) For soil applications prior to crop emergence (i.e., early pre-plant, pre-plant incorporated, pre-plant surface, at-planting or pre-emergence).
- i. On highly erodible soils (as defined by Soil Conservation Service (SCS)), if conservation tillage is utilized  $\geq 30\%$  plant residue, the maximum rate is 2 pounds active ingredient per acre. If plant residue is  $< 30\%$ , the maximum rate is 1.6 pounds active ingredient per acre.
  - ii. On soils not highly erodible, the maximum rate is 2 pounds active ingredient per acre.
- B) For post-emergence applications, if there has been no previous soil application for that crop, the maximum rate is 2 pounds active ingredient per acre. If there has been a previous soil application to that crop, do not exceed a total of 2.5 pounds active ingredient per acre per calendar year.
8. Do not apply this product through any type of irrigation system.
9. Where there are State/Local requirements regarding atrazine use (including lower maximum rates and/or setbacks) which are different from the label, the more restrictive/protective requirements must be followed.

This product may be formulated into end-use pesticide products for the following uses:

- 1) **Terrestrial, food uses on:** Corn, Sorghum, Macadamia nuts, Sugarcane.
- 2) **Terrestrial, non-food crops uses on:** Chemical fallow, Road sides, Christmas tree plantations, Turfgrasses for sod production, Conifers, Guava.
- 3) **Domestic outdoor uses on:** Lawns, Turfgrasses.

This product may be used to formulate products for specific use(s) not listed on this label if the formulator, user group or grower has complied with U.S. EPA data submission requirements regarding the support of such use(s).

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage and disposal.

**STORAGE:** Storage should be under lock and key and secure from access by unauthorized persons and children. Storage should be in a cool, dry area away from any heat or ignition source. May be ignited by heat or open flame. Do not stack over two pallets high. Move bags carefully so as not to tear or puncture. Do not move containers from one area to another unless they are securely sealed. Keep container tightly sealed when not in use. Do not allow material to become wet or store in a damp, humid area. Keep away from any puncture source. Avoid storage near water supplies, food, feed and fertilizer to avoid contamination. Store in original container only. If the contents are leaking or material is spilled, follow these steps:

1. Collect and place in suitable containers for disposal.
2. Wash area with water and soap to remove remaining pesticide.
3. Follow washing with clean water rinse.
4. Do not allow runoff to enter sewer or contaminate water supplies.
5. Dispose of waste as indicated below:

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL**

**BAGS:** Completely empty bags into formulation equipment. Then dispose of empty bags in a sanitary landfill or by incineration or, if allowed by State and Local authorities, by burning. If burned, stay out of smoke.

**FIBER DRUMS WITH LINERS:** Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into formulation equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and Local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner.

**WARRANTY—CONDITION OF SALE**

Manufacturer warrants that this product conforms to its chemical description and is reasonably fit for the purposes referred to in the "DIRECTIONS FOR USE". Manufacturer makes no other warranties, expressed or implied, including FITNESS or MERCHANTABILITY. In no case shall the Manufacturer or the Seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. The foregoing is a condition of sale and is accepted as such by the Buyer.
