Subject: Supplemental Label: Lift Sod Farms, Golf Course, and Rights-Of-Way Restriction for the State of Hawaii Only
MSMA 6 Plus
EPA Reg. No. 19713-42
Date Submitted: May 1, 2014

Dear Mr. Pace:

The supplemental labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended is acceptable. A stamped copy of your label is enclosed for your records. If you have any questions, please contact Maggie Rudick at (703) 347-0257 or rudick.maggie@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Kable Bo Davis", written over a horizontal line.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This labeling must be in the possession of the user at the time of application. Use of this product according to its labeling is subject to the use precautions and limitations imposed by the label affixed to the container for Drexel MSMA 6 Plus. Use the product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This supplemental label lifts the restriction regarding the use of product on Sod Farms, Golf Course, and Rights-of-way after December 31, 2013. Read the label affixed to the container before applying.

ENVIRONMENTAL HAZARDS

Do not apply directly to water or areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment wash waters or rinsate.

USE INFORMATION

Drexel MSMA 6 Plus is herbicide useful for controlling weeds in Cotton, Golf courses, Sod Farms and Rights-Of-Way. It is a combination of herbicide and surfactant. It is unnecessary to add any surfactant to the spray solution. Best Results are obtained on young, actively growing weeds at air temperatures above 70°F.

Use Recommendation:

Apply spray solution in sufficient water to target weeds in order to obtain thorough coverage.
