Application Dated April 18, 1994, Request for
Amendment To Registration in Compliance with
Labeling Required Re: Aquatic Uses

The proposed labeling to add the statement: "This product is NOT for use in formulating end-use products for aquatic uses" to the "Directions For Use" section of the subject pesticide product label is acceptable under the Federal Insecticide, Fungicide and Rodenticide Act as amended provided that you:

1. Delete the "Environmental hazards" statements as they are not applicable to a manufacturing use product.
2. Replace the "Environmental Hazards" statements with the required statements for manufacturing use as was required by the Simazine Registration Standard issued March, 1984. The statements should read: "Do not discharge into lakes, streams, ponds or public water unless in accordance with an NPDES permit. For guidance contact your regional office of the Environmental Protection Agency" This effluent discharge statements may be updated in accordance with PR Notice 93-10 at this time. The updated statements are required after October 1, 1995 for this product.
