JUL 24 2012

Subject Drexel Captan – 75 Seed Protectant – Formula Change and Label Amendment
EPA Registration No 19713-260
Decision No 466137
Submission Date 5/30/12

Dear Ms Chan

The basic Confidential Statement of Formula (CSF) dated 5/30/2012 referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act as amended, to change the supplier of active ingredient is acceptable. The basic CSF supersedes all CSFs previously accepted for this product.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended to correctly reflect the percent of active ingredient as stated on the basic CSF dated 5/28/12, and make other minor clarifications is acceptable.

A copy of the label stamped "Accepted" is enclosed for your records. Please submit one (1) final printed copy for the above mentioned label before releasing the product for shipment. If you have any questions, please contact Dominic Schuler at (703) 347-0260 or via email at schuler.dominic@epa.gov

Sincerely,

for
Tony Kish

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

WARNING Causes substantial but temporary eye damage Do not get in eyes or on clothing Wear protective eyewear (goggles face shield or safety glasses) long-sleeved shirt long pants shoes and socks Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Some materials that are chemical-resistant to this product are polyethylene or polyvinyl chloride If you want more options follow the instructions for category A on an EPA chemical resistance category selection chart

All mixers, loaders, applicators, and other handlers must wear Long-sleeved shirt and long pants shoes plus socks protective eyewear (goggles face shield or safety glasses) chemical-resistant gloves NIOSH approved dust mist filtering respirator with MSHA/NIOSH approval number prefix TC-21C or a NIOSH-approved respirator with any N² R P or HE filter and chemical-resistant apron when mixing/loading cleaning up spills or otherwise exposed to the concentrate

Persons drying or bagging treated seeds or sewing bags containing treated seeds are handlers and must wear PPE

Follow manufacturer s instructions for cleaning/maintaining PPE If no such instructions for washables exist use detergent and hot water Keep and wash PPE separately from other laundry

ENGINEERING CONTROLS

When handlers use closed systems designed by the manufacturer to enclose the pesticide to prevent it from contacting handlers or other people AND the system is functioning properly and is used and maintained in accordance with the manufacturer s written operating instructions the handlers need only wear long-sleeve shirt long pants chemical resistant gloves shoes and socks However the respirator must be immediately available for use in an emergency such as a spill or equipment breakdown

USER SAFETY RECOMMENDATIONS

Users should 1) Wash hands before eating drinking chewing gum using tobacco or using the toilet 2) Remove clothing/PPE immediately if pesticide gets inside Then wash thoroughly and put on clean clothing 3) Remove PPE immediately after handling this product Wash the outside of gloves before removing As soon as possible wash thoroughly and change into clean clothing

ENVIRONMENTAL HAZARDS

This chemical is toxic to fish Do not contaminate water by disposing of equipment washwaters or rinsate In the event that treated seeds are spilled and cannot be salvaged completely cover them with soil

USE INFORMATION

Seed Treatment CAPTAN-75 is a powder formulation for treatment of Corn and Soybean seed prior to planting for the temporary protection of germinating seeds and seedlings against seed and soil-borne diseases including damping-off seed decay organisms and seedling blights

Commercial and Planter Box Application Prepared for use directly in the planter box or may be mixed in any commercial seed treater barrel treater or rotating container such as a cement mixer This product contains a non-oil lubricant to help seed to flow easily and evenly from planter box Best protection will be obtained where every seed is coated with the chemical DO NOT USE TREATED SEED FOR FOOD FEED OR OIL PURPOSE

KEEP PLANTER PLATES CLEAN — Grease or oil on plates can cause clogging

Note This product has been mixed with graphite as an aid in handling and lubrication of equipment

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling Do not apply this product in a way that will contact workers or other persons Only protected handlers may be in the area during application For any requirements specific to your State or Tribe consult the agency responsible for pesticide regulation

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard (WPS) 40 CFR Part 170 This standard contains requirements for the protection of agricultural workers on farms forests nurseries greenhouses and handlers of agricultural pesticides It contains requirements for training decontamination notification and emergency assistance It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE) restricted entry interval (REI) and notification to workers The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard

Do not enter or allow worker entry into treated areas during the REI of 12 hours for planter box type or hopper-box seed treatment uses **EXCEPTION** Once the seeds are planted in soil or other planting media the Worker Protection Standard allows workers to enter the treated area without restriction if there will be no contact with the soil/media subsurface

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated such as plants soil or water is Coveralls chemical resistant gloves made of any waterproof material shoes plus socks and protective eyewear

Eye Protection To mitigate eye irritation concerns from post application exposures the Agency is requiring that for at least seven days following the application of captan

- 1 At least one container designed specifically for flushing eyes must be available in operating condition at the WPS-required decontamination site for workers entering the area treated with captan and
- 2 Workers must be informed orally in a manner they can understand that residues in the treated area may be highly irritating to their eyes that they should take precautions such as refraining from rubbing their eyes to keep the residues out of their eyes that if they do get residues in their eyes they should immediately flush their eyes with the eyeflush container that is located at the decontamination site and
 - how to operate the eyeflush container

Double Notification Notify workers of the application by warning them orally and by posting warning signs at entrances to treated areas

Rate of Application (Commercial Treater)		
Corn*		Soybeans
Field	Sweet	
1 46 ozs /100 lbs of seeds	2 66 ozs /100 lbs of seeds	2 5 ozs /100 lbs of seeds
*1 bushel = 56 pounds		

Seeds in Planter Box	Amount of This Product		
	Corn		Soybeans
	Field	Sweet	
100 pounds of seeds	1 46 ozs	1 3 ozs	2 3 ozs

APPLICATION FOR SOYBEANS AND CORN

This product is an easy to use Soybean/Corn seed treatment for commercial seed treaters or planter box applications Apply this product to seed in commercial treaters or planter box and mix so that all seeds are covered In Soybeans when this product is used in combination with an inoculant add this product first stir add the inoculant stir and then plant as soon as possible

NOTE Treated seed must not be used for human consumption nor as animal feed
Seed that has been treated with this product that is then packaged or bagged for future use must contain the following labeling

This bag contains seed treated with captan Persons opening this bag or loading/pouring the treated seed must wear handler personal protective equipment *Treated Seed – Do Not Use for Feed Food or Oil Purposes*

The Federal Government and some states have issued regulations for the application of special tags or labels to be affixed to bags containing treated seed

STORAGE AND DISPOSAL

Do not contaminate water food or feed by storage or disposal

PESTICIDE STORAGE Storage should be under lock and key and secure from access by unauthorized persons and children Storage should be in a cool dry area away from any heat or ignition source Avoid storage at high temperatures Do not stack over 2 pallets high Move containers by handles or cases Do not move containers from one area to another unless they are securely sealed Keep container tightly sealed when not in use Keep away from any puncture source Avoid contamination with acids or alkalies Store in original container only If the contents are leaking or material is spilled follow these steps

- 1 Contain spill absorb with a material such as saw dust clay granules or dirt
- 2 Collect and place in suitable containers for disposal
- 3 Wash area with soap and water to remove remaining pesticide
- 4 Follow washing with clean water rinse
- 5 Place a leaking container in a plastic tub and transfer contents as soon as possible to an empty original container
- 6 Do not allow runoff to enter sewer or contaminate water supplies
- 7 Dispose of waste as indicated below

PESTICIDE DISPOSAL Pesticide wastes are toxic Improper disposal of excess pesticide spray mixture or rinsate is a violation of Federal Law If these wastes cannot be disposed of by use according to label instructions contact your State Pesticide or Environmental Control Agency or the hazardous waste representative at the nearest EPA Regional Office for guidance

CONTAINER DISPOSAL Nonrefillable container Do not reuse or refill this container Offer for recycling if available Dispose of empty container in a sanitary landfill or by incineration or if allowed by state and local authorities by burning If burned stay out of smoke

WARRANTY—CONDITIONS OF SALE

OUR DIRECTIONS FOR USE of this product are based upon tests believed reliable Follow directions carefully Timing and method of application weather and crop conditions mixtures with other chemicals not specifically recommended and other influencing factors in the use of this product are beyond the control of the seller To the extent consistent with applicable laws Buyer assumes all risks of use storage and handling of this material not in strict accordance with directions given herewith

To the extent consistent with applicable laws in no case shall the Manufacturer or the Seller be liable for consequential special or indirect damages resulting from the use or handling of this product when such use and/or handling is not in strict accordance with directions given herewith The foregoing is a condition of sale by the Seller and is accepted as such by the Buyer
