Subject: Supplemental Label for Simazine 80WP Herbicide
EPA Reg. No. 19713-271
Your submission dated May 6, 2004

Dear Ms. Chan:

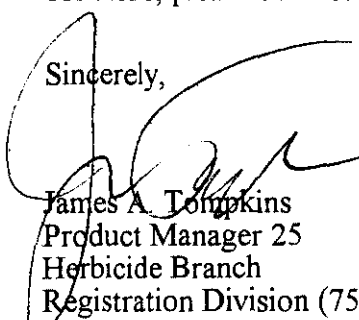

The proposed supplemental label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as submitted is acceptable.

However, a review of the main label indicates the following changes need to be made:

1. In the second paragraph of the Spray Drift Reduction Advisory Information section, change "agricultural rice patties" to "agricultural crops."
2. In the Use Precautions and Restrictions under Pecans in the Fruits and Nuts section of the Directions for Use, add "or illegal residues may result." to "Do not apply when nuts are on the ground."
3. Under This Product Plus Gramoxone Extra Tank Mix Combination, change the first sentence to read "This tank mix combination is effective in the following fruit and nut crops..."

Submit one copy of final printed labeling incorporating the above changes by notification before you release the product for shipment. This amended labeling will supercede all previously accepted labels. A stamped copy of the supplemental labeling is enclosed for your records. If you have any questions or concerns, please contact Tracy W. Hayes at (703) 308-9358.

Sincerely,
