FIRST AID

IF SWALLOWED: Call a physician or Poison Control Center immediately. **DO NOT INDUCE VOMITING.** Vomiting may cause aspiration pneumonia.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

IF ON SKIN: Remove contaminated clothing and wash affected area with soap and water.

IF IN EYES: Flush eyes with plenty of water. Get medical attention if irritation persists.

NOTE TO PHYSICIAN: This product contains a light hydrocarbon solvent and an aspiration hazard may exist. Gastric lavage may be indicated if material was taken internally.

PRECAUTIONARY STATEMENTS**Hazards to Humans and Domestic Animals**

CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Avoid breathing spray mist. May be absorbed through skin. Wash thoroughly after handling and before eating, drinking or smoking. Avoid contamination of feed and foodstuffs. Do not use on humans. Do not apply this product in such a manner as to directly or through drift expose workers or other persons. The area being treated must be vacated by unprotected persons. Kitchen utensils such as teaspoons or tablespoons must not be used for food purposes after use in measuring pesticides.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish, birds and other wildlife. For terrestrial uses, do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and runoff from treated areas may be hazardous to fish in neighboring areas. Do not contaminate water by cleaning of equipment or disposal of wastes.

This pesticide is highly toxic to bees exposed to direct application. Applications should be timed to coincide with periods of minimum bee activity, usually between late evening and early morning.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Avoid exposure to children. Do not allow children to apply or handle this product. Do not allow children or pets in treated area until surfaces are dry.

NOTE: For treatment of ornamentals and lawns the applicators must wear the following protective clothing during the application process: Long-sleeved shirt, long pants, waterproof gloves, full foot covering (such as shoes or boots) and a head covering (such as a hat).

ORNAMENTALS

Aphids, Thrips, Leafminers, Cucumber beetles: On Azalea, Boxwood, Chrysanthemum, Larkspur, Rose and other flowers, both ornamental shrubs and trees, use 1 teaspoonful to 1 gallon of water.

Lacebugs: On Azalea, Pyracantha and Rhododendron, use 1½ teaspoonful to 1 gallon of water. Apply in Spring when immature insects first appear and repeat as necessary.

Pinebark beetle, Turpentine beetle: Use 6 tablespoonsful in 1 gallon of water or 1 pint in 5 gallons of water. Wet trunks thoroughly to runoff to height of 6 feet. Apply at first sign of attack and repeat in 3 to 6 months if necessary.

Flat-headed borer, Round-headed borer, Peachtree borer: On Apples, Cherries, Peaches, use 1 tablespoonful to 1 gallon of water. Apply to trunk, crotch to ground. Soak bark to runoff and around base of tree. **DO NOT APPLY TO FRUIT OR FOLIAGE.** Pre-harvest intervals for apples and peaches is 60 days.

Dogwood borer, Rhododendron borer, Lilac borer: On Dogwood, Rhododendron, Lilac, use 1 tablespoonful to 1 gallon of water. Make 2 to 3 applications 7 to 10 days apart in May and early June. Apply to trunk and lower limbs, particularly to injured areas and old borer wounds.

LAWNS

Ticks, Chiggers, Fleas, Leafhoppers in lawns: Use 3 tablespoonsful to 1,000 square feet in 3 gallons of water for good coverage. Repeat application if necessary. Notice: Keep children and pets off treated areas until the insecticide has been washed into the soil and treated areas have dried completely. Do not apply to food crops.

STORAGE AND DISPOSAL

STORAGE: Store in original container, preferably in a locked storage area, away from food or feed.

DISPOSAL: Do not reuse container. Securely wrap original container in several layers of newspaper and discard in trash.

WARRANTY—CONDITION OF SALE

OUR RECOMMENDATIONS FOR USE of this product are based upon tests believed reliable. Follow directions carefully. Timing and method of application, weather and crop conditions, mixtures with other chemicals not specifically recommended, and other influencing factors, the use of this product are beyond the control of the Seller. Buyer assumes all risks of use, storage and handling of this material, but in strict accordance with directions given herewith.

In no case shall Drexel or the Seller be liable for consequential, special or indirect damages resulting from the use or handling of this product when such use and/or handling is not in strict accordance with directions given herewith. The foregoing is a condition of sale by Drexel Chemical Company and is accepted as such by the Buyer.
