EPA REG. NO. 19713-321

FOR USE ON RICE TO CONTROL FALSE SMUT AND PANICLE BLIGHT

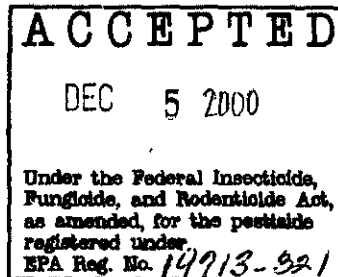

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Crop	Rate per Acre	Use Instructions
Rice	1 to 3 lbs.	Begin applications at late boot stage and repeat at 7- to 10-day intervals or as needed until 100% heading. Use higher rate and shorter spray interval when disease pressure is high or environmental conditions are favorable for disease development. DO NOT drain the field for at least 14 days after last application.
	1 to 3 paks per 20 acres	

All applicable directions, restrictions and precautions on the USEPA-registered package label(s) are to be followed. This labeling contains supplemental instructions and restrictions for use of this product which may not appear on the package label. Follow the instructions carefully.

This labeling must be in the possession of the user at the time of pesticide application.
