Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Copper Reregistration Eligibility Document(s), EPA has reregistered the product listed above. This action is taken under the authority of section 4(g)(2)(c) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product. Within 45 days from the date of this notice, two copies of a final printed label must be submitted which makes the following changes:

EPA Reg. No. 19713-327

1. Replace the Precautionary Statements with the following: "DANGER: Corrosive. Causes irreversible eye damage. May be fatal if inhaled or swallowed. Harmful if absorbed through the skin. Do not get in eyes, on skin or on clothing. Do not breathe dust. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wear protective eyewear such as safety glasses, goggles or face shield, and a dusk mask while handling, mixing or loading. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

2. In the Directions For Use, change the second use entry to "Formulation into pesticide products as a wood preservative to prevent fungal decay and/or rot."

3. In the Directions For Use, change the third use entry to "Formulation into pesticide products for antifouling coating protection".

4. In the Directions For Use, correct "Oranes" to "Oranges".

5. By separate notification or amendment, as appropriate, revise the "Container Disposal" section to comply with PR Notice 2007-4.

6. In the Warranty section, change "Buyer assumes the risk of any such use" to "...to the extent consistent with applicable law, Buyer assumes the risk of any such use".

Products shipped after 12 months from the date of this Notice or the next printing of the label, whichever occurs first, must bear the new revised label.
