U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
19713-575

Date of
MAR 2 2005

NOTICE OF PESTICIDE:
 Registration Reregistration
(under FIFRA, as amended)

Term of Issuance:
Conditional

Name of Pesticide Product:
Drexel Chlorpyrifos 99%
Technical

Name and Address of Registrant (include ZIP Code):

Drexel Chemical Company
P.O. Box 13327
Memphis, TN 38113-0327

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes before you release the product for shipment:
 - A. Revise the EPA Registration Number to read, "EPA Reg. No. 19713-575".
 - B. Revise the Hazards to Humans and Domestic Animals to read: "May be fatal if swallowed. Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water before eating, drinking chewing gum, using tobacco, or using the toilet".
3. Submit three copies of the final printed label for the record before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A copy of the label stamped "accepted with comments" is enclosed for your records.

EPA Est. No. _____ Pounds

FIRST AID	
IF SWALLOWED:	<ul style="list-style-type: none"> • Call a physician or Poison Control Center immediately. • Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. • Do not give anything by mouth to an unconscious person.
IF ON SKIN:	<ul style="list-style-type: none"> • Immediately wash with plenty of soap and water. • Get medical attention.
IF IN EYES:	<ul style="list-style-type: none"> • Flush with plenty of water for 5 minutes. • Get medical attention.
IF INHALED:	<ul style="list-style-type: none"> • Remove to fresh air if symptoms of cholinesterase inhibition appear. • Get medical attention immediately.
<p>Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), call the National Pesticide Telecommunications Network at 1-800-858-7378.</p>	
<p>NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. If exposed, plasma and red blood cell cholinesterase tests may indicate significance of exposure (baseline data are useful). Atropine, only by injection, is the preferable antidote. Oximes, such as 2-PAM/protopam, may be therapeutic if used early; however, use only in conjunction with atropine. In case of severe acute poisoning, use antidote immediately after establishing an open airway and respiration.</p>	

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals
WARNING: May be fatal if swallowed, inhaled, or absorbed through the skin. Causes eye irritation. May cause skin irritation. Do not get in eyes, on skin or clothing. Avoid breathing dust. Handle chemical in a ventilated area. Wear protective clothing and rubber gloves when handling. Wash thoroughly with soap and water after handling and before eating or smoking. Remove contaminated clothing and wash before reuse. Keep away from food, feedstuffs, and water supplies.

GENERAL PRECAUTIONS

Read all directions before using.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to birds and wildlife, and extremely toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. The June 7, 2000 memorandum of agreement between EPA and registrants of pesticide products containing chlorpyrifos only applies to registered uses of chlorpyrifos in the U.S.

FOR MANUFACTURING USE ONLY

Manufacturing-Use Product Labeling Requirements

After October 1, 2000, any manufacturing-use product formulated from this product must bear EPA-approved labeling that is consistent with the terms of the June 7, 2000, memorandum of agreement between EPA and registrants of pesticide products containing chlorpyrifos.

This product may ONLY be formulated into manufacturing-use insecticide products or end-use insecticide products for the following uses. Text in square brackets (e.g. [Indoor Food]) after each site category heading refers to the general use group as referenced in 40 CFR 158.

Agricultural Uses

Agricultural Crops [Terrestrial Food Crop, Greenhouse Food Crop]: Alfalfa, Apple (post-bloom application prohibited), Asparagus, Banana, Bean (Snap, Lima), Beet (Sugar, Table, including crops grown for seed), Blueberry, Brassica (Cole) Leafy vegetables (Bok choy, Broccoli, Broccoli raab, Brussels sprout, Cabbage, Chinese cabbage, Cauliflower, Collard, Kale, Kohlrabi), Caneberry, Cherimoya, Cherry (Sour, Sweet), Citrus (Lemon, Orange, Grapefruit and Citrus, other) Citrus orchard floor, Corn (Field, Sweet, including crops grown for seed), Cotton, Cranberry, Cucumber, Date, Feijoa, Fig, Grape, Kiwifruit, Leek, Legume vegetables, Mint, Nectarine, Onion (Dry Bulb), Pea, Peach, Peanut, Pear, Pepper, Plum, Prune, Pumpkin, Radish (including crops grown for seed), Rutabaga, Sapote, Seed and Pod vegetables, Sorghum (Grain, Milo), Soybean, Strawberry, Sugarcane, Sunflower, Sweet potato, Tobacco, Tree nuts (Almond, Filbert, Pecan, Walnut, other), Turnip, Wheat, and Seed treatment; in addition, this product may be used to formulate products for any additional crop uses not listed on this label if the formulator, user group, or grower has complied with U.S. EPA data submission requirements regarding the support of such uses:

Manufactured For:
Drexel Chemical Company
P.O. BOX 13327, MEMPHIS, TN 38113-0327
SINCE 1972

Livestock [Indoor Food]: Cattle ear tags, non-residential animal housing including but not limited to poultry houses, feedlots, corrals, stockyards, holding pens, and other livestock holding areas;

Ornamentals – commercial production only [Commercial Terrestrial Non-Food, Commercial Greenhouse Non-Food]: Greenhouse, outdoor (excluding any residential outdoor use), field grown and nursery grown ornamentals (including, but not limited to flowers, shrubs, evergreens, vines, shade and flowering trees, and non-bearing fruit, nut, and citrus trees); Christmas tree plantations, nurseries, forest tree nurseries, sod farms, perennial grass seed crops, soil treatment of potted, containerized or baled and burlapped nursery stock plants in nurseries and greenhouses only; annual and perennial plants;

Forest Trees [Forestry]: Plantations, forests, seed orchards, felled trees, and cut stumps.

If the product is labeled for reformulation into products bearing labeling for agricultural uses, the label may not contain instructions permitting formulation into products registered for tomatoes. In addition, the label must contain the following statements:

- Use of this product for formulation into any end-use product bearing instructions for use on apple trees is prohibited unless the end-use product bears EPA-approved labeling prohibiting post-bloom application to apple trees.
- This product may only be formulated for the agricultural uses listed below if the EPA-approved labeling of the formulated product bears revised worker reentry intervals (REIs) of a duration no less than the following:
For all crops: 24 hours, unless specifically noted as otherwise below
 - Cauliflower: 3 days
 - Fruit trees: 4 days
 - Citrus trees: 5 days
- The end-use product labeling may include the following statement: 'Certified crop advisors or persons entering under their direct supervision under certain circumstances may be exempt from the early reentry requirement pursuant to 40 CFR Part 170.'
- Any emulsifiable concentrate (EC) end-use product formulated from the product must be labeled as a Restricted Use Pesticide. All other end-use products (except for cattle ear tags) formulated from the product must either be labeled as restricted use or packaged in containers no smaller than 15 gallons of a liquid formulation, 50 pounds of a granular formulation, or 25 pounds of any other dry formulation.

Non-Agricultural, Non-Termite Control Uses

Turf [Terrestrial non-Food]: Golf course turf, turf in road medians, and turf in industrial plant sites (provided the use rate is no greater than 1 lb. a.i./acre);

Pest Control Indoors [Indoor Residential]: Containerized baits in child-resistant packaging for indoor residential uses;

Pest Control Indoors [Indoor Non-residential]: Crack, crevice, and spot treatments in food and non-food areas of non-residential buildings and structures including warehouses, ship holds, railroad boxcars, industrial plants, manufacturing plants, food processing plants such as bakeries (not in food service establishments), bottling facilities, breweries, food manufacturing plants, granaries, grain mills and wineries; or containerized baits in child-resistant packaging;

Pest Control Outdoors [Terrestrial Non-Food, Domestic Outdoor]: Public health uses to control fire ant mounds. Public health uses as a mosquito adulticide; mosquito control may only be applied by trained personnel of public health organizations, mosquito abatement districts, public mosquito control programs, and professional pest control operators;

Pest Control Outdoors [Terrestrial Non-Food]: Underground utility cables and conduits in non-residential sites; sewer manhole lids and walls; turf and ornamentals in road medians as well as turf and ornamentals in industrial plant sites (provided the use rate is not greater than 1 lb a.i./acre); localized exterior surface treatment of warehouses, railroad boxcars, industrial plants, manufacturing plants, food processing plants only; soil applied perimeter treatment of warehouses, industrial plants, manufacturing plants, food processing plants only.

Non-Residential Outdoor Control of Wood Infesting Insects [Terrestrial Non-Food]: Fence posts, utility poles, railroad ties, landscape timbers, logs, pallets, wooden containers, poles, posts, and processed wood products.

If the product is labeled for reformulation into products bearing labeling for non-agricultural uses (other than termite control), the label must contain the following statements:

After December 1, 2000, this product may only be used to formulate an end-use pesticide product labeled for non-agricultural, non-termite control uses in accordance with the following conditions:

- Any emulsifiable concentrate (EC) end-use product formulated from this product must be labeled as a Restricted Use Pesticide. All other

end-use products formulated from the product (other than containerized baits in child-resistant packaging) must either be labeled as restricted use or packaged in containers no smaller than 15 gallons of a liquid formulation or 25 pounds of a dry formulation.

- The end-use product may not bear use directions for any indoor residential use (as that term is defined in 40 CFR 152.3) other than containerized baits in child-resistant packaging.
- Any emulsifiable concentrate (EC) end-use product formulated from this product may not bear use directions for any indoor non-residential use. All other end-use products may not bear use directions for any indoor non-residential use other than one or more of the following uses: warehouses, ship holds, railroad boxcars, industrial plants, manufacturing plants, food processing plants, or containerized baits in child-resistant packaging.
- The end-use product may not bear use directions for any residential outdoor use other than one or more of the following public health uses: individual fire ant mound treatment or mosquito adulticide use.
- The end-use product may not bear use instructions for any non-residential outdoor use other than one or more of the following uses:
 - golf courses, road medians, and industrial plant sites, provided that the maximum label application rate is no greater than 1 lb. a.i./acre.
 - mosquito adulticide use for public health purposes;
 - individual fire ant mound treatment for public health purposes; and
 - fence posts, utility poles, railroad ties, landscape timbers, logs, pallets, wooden containers, poles, posts, and processed wood products.

Other Uses

This product may be formulated into insecticide products for other uses for which the U.S. EPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration excluding any use strictly prohibited by this label.

Experimental Uses

This product may be formulated into insecticide products for uses for experimental purposes that are in compliance with U.S. EPA requirements.

Other Prohibited Uses

All manufacturing-use and end-use products produced from this product must bear the following statement:

This product may NOT be used for formulation into manufacturing-use products for the following uses:

Aquatic Uses [Aquatic Food Crop, Aquatic Non-Food]: Any aquatic use, including mosquito larvicide.

Important Note:

Because of their properties and intended uses, insecticidal formulations containing this product will require precautionary labeling differing from that given. Formulators should develop their own use and precautionary labeling based on the properties and intended uses of their own finished formulations, and are responsible for obtaining EPA registration of these products.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

PESTICIDE STORAGE: Store in original container in secured dry storage area. Prevent cross-contamination with other pesticides and fertilizers. Do not store above 100°F for extended periods of time. If container is damaged or spill occurs, use product immediately or dispose of product and damaged container as indicated below.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site, if approved waste handling facilities are available, or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into manufacturing equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by state and local authorities. If drum is contaminated and cannot be reused dispose of in the same manner.

WARRANTY—CONDITIONS OF SALE

Seller warrants that at the time of delivery the product in this container conforms to its chemical description contained herein and is reasonably fit for its intended purpose under normal conditions of use. This is the only warranty made on this product. Seller expressly disclaims any implied warranties of merchantability or fitness for any particular purpose and, except as set forth above, any other expressed or implied warranties. Any damages arising from breach of warranty or negligence shall be limited to direct damages not exceeding the purchase price paid for this product by Buyer, and shall not include incidental or consequential damages such as, but not limited to, loss of profits or values. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of the Seller. In no such case shall Seller be liable for the consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the Buyer. Buyer acknowledges the use of its own independent skill and expertise in the selection and use of the product and does not rely on any oral or written statements or representations.
