DREXEL CHEMICAL COMPANY

Subject: Non-PRIA (Pesticide Registration Improvement Act) Labeling Amendment - Addition of
Turgrass and Grasses Grown for Seed, Which are on Cited Label
Product Name: Drexel Glufosinate Technical
Admin Number: 19713-746
EPA Receipt Date: 07/16/2026
Action Case Number: 00711338

Dear Simone Miller:

The amended labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable.

This approval does not affect any terms or conditions that were previously imposed on this registration. You continue to be subject to existing terms or conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one (1) copy of the final printed labeling before you release this product for shipment with the new labeling. In accordance with 40 CFR § 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR § 152.3.

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Your release for shipment of this product constitutes acceptance of these terms. If these terms are not complied with, this registration will be subject to cancellation in accordance with FIFRA section 6.

If you have questions, please contact Celeste Bollini by telephone at (202) 564-2255 or via email at bollini.celeste@epa.gov.

Sincerely,

Kable Bo Davis

Kable Bo Davis, Senior Advisor

Office of Pesticide Programs

ACCEPTED

09/12/2026

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No. 19713-746

Drexel

Glufosinate Technical

An Herbicide For Manufacturing Use Only

ACTIVE INGREDIENT:

Glufosinate-ammonium (CAS Number 77182-82-2)..... 97.7%

OTHER INGREDIENTS:..... 2.3%

TOTAL:100.0%

KEEP OUT OF REACH OF CHILDREN CAUTION

See FIRST AID Below

[Optional: "See Side (Back) Panel for FIRST AID"; "See Page ___ for FIRST AID"]

EPA Reg. No. 19713-746

EPA Est. No. XXXXX-XXX-XX

Net Content: _____ Lbs. (_____ Kg)

FIRST AID

IF SWALLOWED:

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

IF ON SKIN AND CLOTHING:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for further treatment advice.

IF IN EYES:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for further treatment advice.

IF INHALED:

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN:

Glufosinate-ammonium is a glutamine synthetase inhibitor and can interfere with neurotransmitter function. Symptoms may be delayed by up to 48 hours following ingestion. There is no specific antidote. If ingested, endotracheal intubation and gastric lavage should be performed as soon as possible followed by charcoal and sodium sulfate administration.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact the Rocky Mountain Poison Control Center at 1-866-673-6671 for emergency medical treatment information. For chemical emergency: spill, leak, fire, exposure, or accident, call CHEMTREC at 1-800-424-9300. For general information on this product, contact the National Pesticide Information Center (NPIC) at 1-800-858-7378, Monday – Friday, 8am – 12pm PST, or at <http://npic.orst.edu>.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Harmful if swallowed or absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Wear long-sleeved shirt and long pants, socks, shoes, gloves and protective eyewear. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS

Do not mix or allow contact with oxidizing agents as hazardous reaction may occur.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product may be used only to formulate end use products for:

- 1) The following uses:
 - a. Weed control of emerged weeds in non-agricultural (non-cropland) areas including on golf courses, in native grass areas, in ornamental production, for landscaping in commercial/residential/industrial areas, and in conifer/hardwood/Christmas tree product areas (including nurseries and plantations);
 - b. On Turfgrasses;
 - c. Control of weeds and grasses in residential and industrial areas;
 - d. For weed control in citrus fruit (crop group 10-10); pome fruit (crop group 11-10); stone fruit (crop group 12-12); bananas; bushberry (subgroup 13-07B); juneberries; rapeseed (crop subgroup 20A); hops; lingonberries; canola*; field corn*; sweet corn*; cotton*; grapes; olives; rice; salal; soybeans*; sugar beets*; nut, tree (crop group 14-12) including pistachios; fruit, small, vine-climbing, except fuzzy kiwifruit (subgroup 13-07); melons (subgroup 9A); eggplant/pepper (subgroup 8-10B); vegetable, tuberous and corm (subgroup 1C); cucumber/squash (subgroup 9B); tomato (subgroup 8-10A); tropical and subtropical fruits, small fruit, edible peel (subgroup 23A); tropical and subtropical fruits, medium to large fruit, edible peel (subgroup 23B); tropical and subtropical fruits; small fruit, inedible peel (subgroup 24A); tropical and subtropical fruits, medium to large fruit, smooth inedible peel (subgroup 24B); cottonseed (subgroup 20C).
(*includes glufosinate-ammonium tolerant crops.)
 - e. On grass grown for seed;
 - f. Desiccation of potato vines;
 - g. Fallow fields or post-harvest on labeled crops;
 - h. For use to eliminate non-glufosinate-ammonium tolerant corn, cotton, rice, soybeans, sugar beets in seed production.
- 2) Uses for which the U.S. EPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration;
- 3) Specific uses not listed on the manufacturing product label if the formulator, user group, or grower has complied with U.S. EPA submission requirements regarding support of such uses; and,
- 4) Uses for experimental purposes that are in compliance with U.S. EPA requirements.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in original container in a cool, dry place. Handle open containers in a manner to prevent spillage. If container is leaking or material spilled, carefully sweep material into a pile and place in labeled container. Dispose of pesticide as directed below.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of on site or in an approved waste disposal facility.

CONTAINER HANDLING:

Nonrefillable Plastic Container (flexible-bag-all weights): Nonrefillable container. Do not reuse or refill this container. Completely empty bag into manufacturing equipment by shaking and tapping sides and bottom to loosen clinging particles. Then offer for recycling if available or dispose of empty bag in a sanitary landfill, or by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PLASTIC DRUMS: Refillable container. Refill this container with pesticide only. Do not reuse this container for any other purpose. Cleaning the container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the refiller. To clean the container before final disposal, empty the remaining contents from this container into manufacturing equipment or mix tank. Fill the container about 10 percent full with water. Agitate vigorously or recirculate water with the pump for 2 minutes. Pour or pump rinsate into manufacturing equipment or rinsate collection system. Repeat this rinsing procedure two more times.

WARRANTY—CONDITIONS OF SALE

Manufacturer warrants that this product conforms to its chemical description and is reasonably fit for the purposes referred to in the “*DIRECTIONS FOR USE*”. Manufacturer makes no other warranties, expressed or implied, including fitness or merchantability. To the extent consistent with applicable law, in no case shall the Manufacturer or the Seller be liable for consequential, special or indirect damages resulting from the use or handling of this product. The foregoing is a condition of sale and is accepted as such by the Buyer.
