X *Permite*
CIDE[®]
PRE-PAINT CONDITIONER

KILLS MILDEW

**Removes dirt, grime & mildew.
Pre-conditions surfaces
for longer lasting
paint adhesion.**

CAUTION: *Keep out of reach
of children*

EPA Reg No 19753-1

15 OZ. NET

CAUTION: *Keep Out
of Reach of Children.
May be Harmful if
Swallowed. May
cause severe skin and
eye irritation. In case
of contact with skin
and eyes flush with
plenty of water.*

Contents of this bottle should be mixed with 5 gallons of water.

DIRECTIONS

TO RID EXTERIOR SURFACES OF MILDEW add contents of X-CIDE container to 5 gallons of lukewarm water thoroughly. Surface should be wet down with a scrubbed with a broom or stiff brush and the X-CIDE solution, then rinsed thoroughly with a water hose. Surface should be kept wet at all times during the cleaning to avoid streaking.

TO RID INTERIOR WALLS AND TRIM OF MILDEW add contents of X-CIDE container to 5 gallons of warm water, mix thoroughly. Wash the surface with a coarse cloth or soft brush soaked with the X-CIDE solution, and rinse immediately with a wet cloth or sponge. The surface should be kept wet at all times during cleaning to avoid streaking, and should be thoroughly rinsed before applying X-CIDE.

THIS CONTAINER HAS THE PROPER AMOUNT OF DETERGENT FOR A 5 GALLON MIX IN WATER.

For smaller amounts of washing solution amounts indicated on side of label.

FOR GENERAL CLEANING PURPOSES: X-CIDE is excellent for removing dust, dirt and most greasy materials. Severely soiled surfaces may require a soft scrub for more complete removal. Wet surface before applying X-CIDE. Make sure surface is wet at all times during cleaning, then rinse surface immediately after scrubbing with a clean, damp cloth.

X-CIDE is most effective when directions are properly followed.

NOTE: Severe cases of mildew may require reapplication after X-CIDE'S wash treatment.

ACTIVE INGREDIENTS: Sodium Hypochlorite

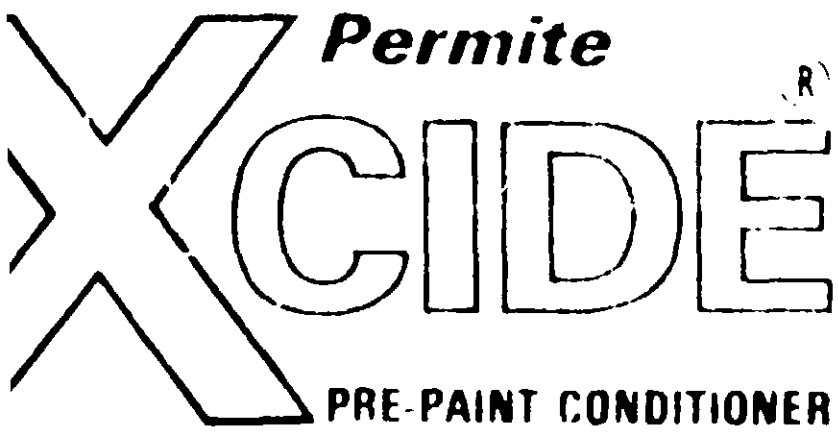

INERT INGREDIENTS:

Do not contaminate water by cleaning of equipment or disposal of wastes.
