CAUTION: KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid contamination of feed and foodstuffs. Avoid inhalation and skin contact. Wash thoroughly after using. Do not use on household pets and humans.

Do not allow children in treated areas until surfaces are dry.

This product is toxic to fish, birds and other wildlife. Birds feeding on treated areas may be killed. Keep out of lakes, streams or ponds.

Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place.

DIRECTIONS FOR USE

Cardinal Liquid Household Insect Spray kills Roaches, Ants - For use indoors or outdoors. Application: Pour into sprayer. Spray infested surfaces only until wet.

Roaches, Ants, Waterbugs, Silverfish, Spiders, Firebrats, Crickets - Spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks, stoves and trails and other localized areas infested with insects. Spray window and door frames where ants enter. Repeat as necessary.

Carpet Beetles - Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks and infested areas of shelving in closets. Repeat as necessary.

Brown Dog Ticks - Spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarter of pets and localized areas of floors and floor coverings. Repeat as necessary. Bedding should be replaced in animal quarter after treatment. Do not treat animals.

Flies, Mosquitoes, Wasps and Flying Moths - Outdoors - For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches in garages and other places where these insects alight or congregate. Application of this product to any body of water is prohibited.

Chiggers, Ants, Brown Dog Ticks and Clover Mites - Outdoors - For treatment of localized infestation of insects in outdoor areas, where there is no vegetation used for food or feed, spray infested areas. For ants, wet hills and runways. Repeat as necessary.
