Do not apply "REPEL" with hands — use gloves. Do not expose to flames. Reclose partly used container and store on high garage shelf or in a cabinet. Put empty container in trash. Never keep container inside house.

### DIRECTIONS

Do not apply directly on plants, flowers or foliage (lawns excepted). Keep about one foot away from plants and painted surfaces. DO NOT APPLY TO DICHONDRA OR UNUSUAL GROUND COVERS. If material becomes compacted, it is easily broken up with a stick or screwdriver and will lose no strength.

**AS A DOG REPELLENT:** To prevent defecation or urination by DOGS on LAWNS or around HEDGES, TREES, SHRUBS and VINES, remove old fecal material and sprinkle REPEL evenly on the affected area at the rate of 1 lb. per 110 sq. ft. Do not place in piles. Re-treat at least once per week until defecating or urinating stops. Resume treatment if problem re-occurs.

**AS A CAT REPELLENT:** To prevent digging by CATS in FLOWER and VEGETABLE GARDENS, LAWNS and under BUSHES, fill any existing holes and sprinkle REPEL evenly on the affected area at the rate of 1 lb. per 55 sq. ft. Do not place in piles. Re-treat at least once per week until digging stops. Resume treatment if problem re-occurs.

Contents will treat about 385 sq. ft. for dogs and 195 sq. ft. for cats.

**FOR OUTDOOR USE ONLY  
DO NOT STORE IN THE HOUSE**
