

**PRECAUTIONARY STATEMENTS  
Hazards to Humans  
(and Domestic Animals)**

**Caution**

Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin or eyes. If swallowed, consult doctor as soon as possible. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists.

**Environmental Hazard**

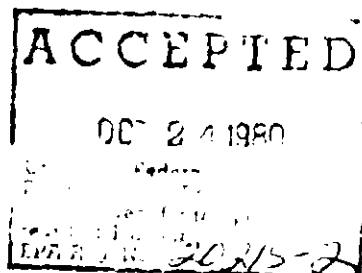

Keep out of lakes, streams and ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

**Physical or Chemical Hazards**

Do not use or store near heat or open flame. Use with adequate ventilation. Avoid breathing vapors. Never keep container inside home.

**Money Back Guarantee**

Satisfaction guaranteed or mail front of carton and sales slip to manufacturer for full cash refund. Please send self-addressed stamped envelope.

# REPEL #2

## Wild Animal REPELLENT

**FOR OUTDOOR USE ONLY  
DO NOT STORE IN THE HOME**

Repel #2 is used to prevent browsing damage to ornamental trees and shrubs, ground cover and flowers by white and black-tailed deer, rabbits, and pocket gophers. Repel #2 is also used to prevent damage around the home caused by raccoons and gray squirrels.

Repel #2 may also be used around (not within) vegetable gardens, near fences, inside garbage cans and within animal burrows.

**EASY TO APPLY DIRECTLY FROM THE CONTAINER**

ACTIVE INGREDIENTS:	% BY WEIGHT
Paradichlorobenzene	20.0%

KEEP OUT OF REACH OF CHILDREN

### CAUTION

See Other Precautions on Side Panel

EPA Reg. No. 20215-2  
EPA Est. No. 11474 CA-1

NET WT.: 48 OZ. (3 LBS.)

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

### Use Restrictions

For Control of the Species Listed Below Do not apply directly on plants, flowers or foliage (lawns excepted). Keep about one foot away from plants and painted surfaces. Do not apply to dichondra or unusual ground cover. Do not apply on or near fruit or nut-bearing trees, and in or around poultry houses. For Outdoor Use Only.

**Gray Squirrels:** Apply at the rate of 1 lb. per 55 sq. feet around the base of trees, poles, fence posts and any area where squirrels are a nuisance. Spread evenly, not in piles. Repeat at least once per week until squirrels are no longer a nuisance. Repeat treatment if problem reoccurs.

**Pocket Gophers (Geomys and Thomomys spp.):** Apply at the rate of 1 lb. per 100 sq. feet around plants where damage occurs. Repel #2 should be placed in the burrow if at all possible, 1/2 lb. per burrow. It will be more effective if the mouth of the burrow is closed either with a stone or with dirt. If gopher reopens the burrow or appears elsewhere, repeat the above procedure.

**Rabbits (Sylvilagus spp.):** Apply at the rate of 1 lb. per 55 sq. feet around plants where browsing damage occurs or where rabbit droppings are noticed. Spread evenly around vegetable gardens (not within the gardens) and around and in between flowers and other ornamentals. Retreat once a week until no more damage occurs.

**White and Black-tailed Deer:** Treat ground cover with Repel #2 by spreading evenly, not in piles, at the rate of 1 lb. per 55 sq. feet. Scatter around ornamental trees where browsing of lower branches or damage to bark is noticed. Cardboard cartons containing Repel #2, with holes punched in upper sides, may be hung from branches of trees or fastened to tree trunks and fences.

**Raccoons:** Treat areas around vegetable gardens (not within), garbage cans and other places where raccoon damage occurs. Apply at the rate of 1 lb. per 55 sq. feet and repeat once a week until no further damage occurs. Raccoons will often nest in nooks and crannies around farm buildings. When a nest is found, place a cardboard container containing Repel #2, with holes punched in upper sides, as close to the nest as possible. Since raccoons are nocturnal in habit, apply Repel #2 in early evening.

### Coverage

Contents will treat 195 to 350 sq. feet depending on number, persistence and type of unwanted animal.

### STORAGE AND DISPOSAL

Do not store in home. Do not use empty container. Wrap container and put in trash collection.
