U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (WH-567) WASHINGTON, D.C. 20460	EPA REGISTRATION NO.	DATE OF ISSUANCE
	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT	

REGISTRATION
 REREГИSTRATION

(Under the Federal Insecticide, Fungicide and Rodenticide Act, as amended)

29 AUG 1984

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

[] []
 [] []

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

ATTACHMENT IS APPLICABLE

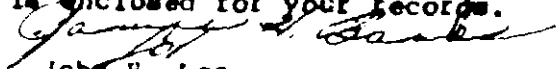

SIGNATURE OF APPROVING OFFICIAL _____ DATE _____

Causes severe eye and skin irritation.
Harmful if swallowed or absorbed through the skin.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(a). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

John H. Lee
Product Manager (31)
Disinfectants Branch
Registration Division (TS-767C)

DIRECTIONS FOR USE
General Classification

It is a violation of Federal law to use this product inconsistent with its labeling.

FP-120TM is designed for use as a preservative for petroleum fuels. It is intended for use at industrial, utility, commercial and military sites.

FP-120TM should be added to distillate fuel oil at concentrations between one gallon per 5,000 gallons of fuel and one gallon per 1,000 gallons of fuel. These concentrations will yield 200 to 1,000 ppm of FP-120TM in the fuel oil volume.

FP-120TM is readily incorporated into fuel oils by simple addition to the top of the fuel oil volume or by proportioning through feed lines.

FP-120TM is a long lasting broad spectrum bacteriostat and fungistat for the preservation of distillate fuel oils. FP-120TM is also a high

FP-120TM

Preservative for Distillate Fuel

Anti-oxidant, corrosion inhibitor, bacteriostat and fungistat for use in fuel oil storage tanks.

ACTIVE INGREDIENT

1,1 dimethylethanamine salt of
2-pyridinethiol-1 oxide 0.5%
INERT INGREDIENTS 99.5%

KEEP OUT OF REACH OF CHILDREN

DANGER

See side panel for additional precautionary statements.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flames.

ly effective antioxidant and corrosion inhibitor. When used as directed, FP-120TM reduces the incidence of slime and odor formation, and helps reduce filter, burner tip and injection nozzle plugging caused by microorganisms.

FP-120TM is effective against aerobic, anaerobic and H₂S producing microorganisms and the odor they cause.

CONTAINER DISPOSAL

Do not re-use empty drum. Return to drum reconditioner or triple rinse (or equivalent) and dispose in an incinerator or landfill approved for pesticide containers.

PESTICIDE DISPOSAL

Product that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides.

ENVIRONMENTAL HAZARD

This product is toxic to fish. Keep out of lakes, streams or ponds. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.
