

DANGER

KEEP OUT OF REACH OF CHILDREN

Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water. Apply this product only as specified on this label.

FIRST AID

In case of contact, immediately flush eyes or plenty of water for at least 15 minutes. For ingestion, call a physician. Remove and wash contaminated clothing before reuse.

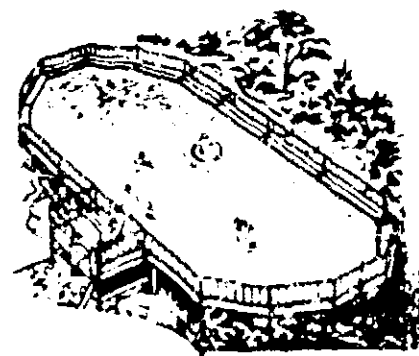

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or, if the patient is unable, drink large quantities of water. After a physician is called, call a physician immediately.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

ENERGEX ALGAECIDE

for the control of Algae in swimming pools

ACTIVE INGREDIENT: 10% dimethyl benzyl
40% C₁₁, 40% C₁₂, 10% C₁₆ -chloride
INERTS: 90%

Contents: one gallon

EPA Registration No. 20851-I
EPA Est. 20851-NJ-I

Keeps pool water clear and free of growing algae. Reduces chlorine demand by controlling algae and is compatible with most commonly used swimming pool chemicals.

DANGER: KEEP OUT OF REACH OF CHILDREN
See side panels for other precautions.

ENERGEX ALGAECIDE is the efficient and economical way to improve the appearance and cleanliness of your pool. It requires no special equipment for treating water and may be added directly to the pool or to the circulating equipment. It may be stored for prolonged periods of time without losing its effectiveness.

DIRECTIONS FOR USE

INITIAL DOSE: When pool is free of visible algae — add 1 gal. **ENERGEX ALGAECIDE** per 33,000 gal. of water or 3 parts per million concentration. When algae are visible — apply initial dose then repeat initial dose after removing algal debris until pool is free of visible algae.

MAINTENANCE DOSE: To keep pool free of visible algal growth, add 1 qt. **ENERGEX ALGAECIDE** to each 33,000 gal. water every 5 days if the weather is warm and humid or every 7 days in cool or cloudy weather. Apply maintenance dose even when pool is not in use.

For maximum effectiveness distribute **ENERGEX ALGAECIDE** dosage around pool.

CAUTION: Do not mix **ENERGEX ALGAECIDE** with other products but add directly to the pool water.

CONTAINER DISPOSAL

Rinse empty container thoroughly with water and discard it.
