

KABAT[®] EC

Tobacco Protector

For protection of stored tobacco from damage by Cigarette Beetle (Lasioderma serricornis) and Tobacco Moth (Ephestia elutella).

ACTIVE INGREDIENT: Methoprene
(Isopropyl (S,E)-methoxy-3,7,11-trimethyl-
2,4-dodecadienoate).....62.39%
INERT INGREDIENTS.....37.61%
Total 100.00%

Formulation contains 5 lb. ai/gal (500 gm/liter)

Active Ingredient

U.S. Patents 3,904,662 & 3,912,815

EPA Reg. No. 20954-

EPA Est. No. 20954-CA-1

KEEP OUT OF REACH OF CHILDREN

CAUTION

Net Contents: 2.5 liters or 19 liters (5 Gallons)

INTRODUCTION

Exposure of the larval instars of the cigarette beetle (Lasioderma serricornis) and tobacco moth (Ephestia elutella) to KABAT Tobacco Protector prevents adult emergence. KABAT contains an Insect Growth Regulator which has no effect on pupae or adult insects. When applied as directed, KABAT EC Tobacco Protector has sufficient field life under varying tobacco storage conditions to prevent insect population increase.

MIXING AND APPLICATION INSTRUCTIONS

KABAT EC Tobacco Protector should be applied at a rate of 1-liter of KABAT EC per 50 Metric Tons of tobacco. Application of KABAT EC Tobacco Protector should be made directly to tobacco immediately prior to completion in hogsheds. Assure complete coverage by using multi directional sprayers and tumbling. KABAT may be applied by use of a proportional dilution apparatus or preparation of a dilute spray solution.

Preferred application methods: Use a proportional dilution apparatus designed or approved by Ezecon Corporation. The KABAT should be diluted in water at a rate of 1-liter of KABAT EC to 10-liters of water. The diluted KABAT is then proportionally mixed with water so that the KABAT:water ratio is selected to achieve adequate coverage and the desired degree of moisture for the tobacco.

E 101

Alternate application method: Prepare a spray solution by mixing 9-ml of KABAT EC Tobacco Protector to 4 Liters of water. This mixture will treat 500 Kilograms of tobacco. The dilute KABAT spray mixture should be used within 24 hours.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

PRECAUTIONARY STATEMENTS

Avoid contact with skin eyes or clothing. Wash thoroughly with soap and water after handling.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

STORAGE AND DISPOSAL

STORAGE: Store in a cool place. Product should be stored away from other pesticides, food and feed. In case of leakage or spill, soak up with sand or other absorbent material.

DISPOSAL: Triple rinse or equivalent. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

WARRANTY

Zoecon Corporation warrants that the chemical composition of this product conforms to the chemical description on the label. Zoecon makes no warranty, expressed or implied, concerning the use of this product other than is indicated on the label.

KABAT is a registered trademark of Zoecon Corporation.
