A Sandoz Company  
975 California Avenue  
Palo Alto, CA 94304

$$\begin{array}{r|l} 160 & 150,780 \\ \hline 17 & 1 \end{array}$$

**NOTE:** Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 20954-136" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Enclosure

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

---

### PRECAUTIONARY STATEMENTS

**HAZARDS TO HUMANS:** Avoid inhalation or contact with eyes, open wounds and clothing. Wash thoroughly with soap and water after handling.

**ENVIRONMENTAL HAZARDS:** Do not apply directly to finished drinking water reservoirs or drinking water receptacles.

---

### INSTRUCTIONS FOR USE:

1. SHAKE WELL BEFORE USING. SAN 809I should be thoroughly agitated prior to dilution.
2. Do not mix with oil; use clean equipment.
3. Partially fill spray tank with water; then add recommended amount of SAN 809I, agitate and complete filling.
4. Spray solution should be used within 24 hours; always agitate before spraying.

**SPECIFIC INSTRUCTIONS FOR MOSQUITO CONTROL - APPLICATION:** Apply SAN 809I when larvae are in 1st to 4th instar. Larvicidal action is expected within 24 hours. Reapply as needed.

SAN 809I may be applied either by air or by ground application techniques. When using standard spray equipment, use adequate volume of water to insure good coverage and penetration. As low as one gallon per surface acre can be applied where the site is open and vegetative cover is light.

SAN 809I may also be applied undiluted through appropriate ULV equipment.

**Recommendations:** For guidance, rate ranges according to the most common mosquito habitats are provided below:

(0759m)
