Rio Linda Chemical Co., Inc.
2444 Elkhorn Blvd.
Sacramento, CA 95814

Gentlemen:

Subject: Dura-Klor
EPA Registration No. 21164-3
Your Data Submitted March 8, 1985
Accession No. 257289

The amendment referred to above, submitted in connection with registration under FIFRA sec. 3(c)(7)(A) is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - a. Based on the data submitted, the signal word should be changed to "Caution." The precautionary section should read "Harmful if swallowed. Causes eye irritation. Avoid contact with eyes. Irritating to nose and throat. Avoid breathing fumes. Wash hands after handling."
 - b. The First Aid statement with regard to contact should read "In eyes flush with plenty of water. If irritation persists get medical attention."
3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

RIO LINDA

DURA KLOR

A 6% SOLUTION OF STABILIZED CHLORINE DIOXIDE
NET CONTENTS 55 GALLONS

FIRST AID

IF SWALLOWED feed gruel, or bread soaked in milk. Follow with milk or milk of magnesia or beaten eggs CALL A PHYSICIAN.

In case of PERSONAL contact, remove excess material and flush skin or eyes with cold water for at least 15 minutes. For EYES, get medical attention. Remove and wash contaminated clothing before re-use.

HANDLING, STORAGE AND DISPOSAL:

DANGER: CORROSIVE. causes eye damage. Wear goggles when handling. May be fatal if swallowed. Do not get in eyes or skin or on clothing. Irritating to nose and throat. Avoid breathing fumes. May cause burns to broken skin. Wash hands after handling.

Strong oxidizing agent. DO NOT mix with acids or other chemicals except water. Mixing with acids or other chemicals may cause evolution of chlorine dioxide gas which is poisonous and explosive. Store in a cool, dry place away from direct sunlight. Dispose of spilled material by flushing with large quantities of water. Wash empty containers thoroughly with water and discard or return to manufacturer.

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds, or public water. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

Microbiocide for use in industrial recirculating water cooling towers, oil field secondary recovery processes, and non-potable industrial process water, to reduce the number of living bacteria causing or associated with slime-formation, odors, and corrosion.

ACTIVE INGREDIENT:
Chlorine Dioxide 6%
INERT INGREDIENTS 94%

(Available chlorine 15.8%)
