NET WT. 1½ LBS.

Manufactured Exclusively for
Chem-I-Matic, Inc.

P. O. Box 10706 • Houston, Texas 77018

EPA Reg. No. 21165-1

DIRECTIONS FOR USE

Hold container upright, nozzle away from you and press actuator button spraying as directed.

To Treat Animals: To protect horses from attacks of stable flies, horse flies, deer flies, house flies, horn flies, mosquitoes, and gnats, spray about 3 seconds on each side being careful to spray legs, belly, neck, back, and sides. Cover eyes while spraying face, or spray on sponge or cloth and apply to face as a wipe. Repeat treatment as necessary when flies are troublesome. Brushing animal after applying will bring out a bright shine.

Ceilings, walls, and windows may also be sprayed to render them unattractive to flies.

CAUTION: Avoid inhalation of mist. Avoid contamination of feed or food-stuffs. This pressurized spray is especially designed for use on horses. Do not use on meat or dairy animals.

WARNING: Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130 F may cause bursting. Never throw container in fire or incinerator.
