DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Hold container upright, (with-added) nozzle (pointed-added) away from you and press actuator button, spraying as directed.

TO TREAT ANIMALS: To protect animals from attacks of stable flies, horse flies, deer flies, house flies, horn flies, mosquitoes and gnats, spray about 3 seconds on each side being careful to spray legs, belly, neck, back, and sides. Cover eyes while spraying face, or spray on sponge or cloth and apply to face as a wipe. Repeat treatment as necessary when flies are troublesome. Brushing animal after applying will bring out a bright sheen.

TO KILL AND REPEL FLYING INSECTS: Spray in areas where insects congregate. Direct spray to contact insects for rapid knockdown and kill. Spray around outside of door facings and screens to render area unattractive to insects. This helps to repel insects and prevent entrance into building.

TO CONTROL COCKROACHES AND ANTS: (To control cockroaches and ants-deleted) Spray into cracks and crevices. Spray directly on cockroaches for fast kill. Apply behind refrigerator, stove and cabinets where insects tend to hide.

[BACK/SIDE LABEL PANEL]

TO CONTROL TICKS, FLEAS, AND CHIGGERS: Spray on animal until fur is moistened lightly. To ensure thorough coverage part the fur by stroking against the lay of the hair while spraying. Ticks are tough, spray directly on them. Repeat every few days until animal is free of insects, nits, or eggs that rehatch.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Storage: Do not store near heat or open flame.

Disposal: Do Not Puncture or Incinerate!

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

Attn: Linda Arrington
Notifications Team

Dear Ms. Arrington:

Subject: Registration Notification
Pyranha Insecticide
EPA Reg. No. 21165-1

This submission is being made on behalf of our client, Pyranha, Inc. We are providing the attached notification application to add additional selling claims to the front panel as well as graphics to incorporate those claims. We have also placed the First Aid Box Statement on the 2nd page which could either be the back or side label panel on the product. This is allowable according to the EPA Label Review Manual as this product is classified as a III - IV for acute toxicity. Minor text changes have also been made on page 3 of the label to correct typographical errors. One (1) copy of draft labeling is enclosed with the changes underscored.

Should you have any questions or need additional information please do not hesitate to contact us.

Sincerely,

Marla K. Jackson
Agent for Pyranha, Inc.
