Houston, TX 77041

Subject: Notification per PRN 98-10 –Minor label change  
Product Name: PYRANHA INSECTICIDE  
EPA Registration Number: 21165-1  
Application Date: 10/04/2017  
Decision Number: 535293

Dear Ms. Johnston:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Angela Hollis at 703-347-0216 or via email at [hollis.angela@epa.gov](mailto:hollis.angela@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Elizabeth Fertich". The signature is written in a cursive style with a large initial "E".

- \*MOSQUITOES**
- \*GNATS]**

**[A GROOMING AID AND COAT CONDITIONER]**

**[CONTAINS STABILENE]**

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Use Restrictions**

- Except when applying directly to animals, do not allow people or pets to enter the treated area until sprays have dried or vapors, mists and aerosols have dispersed and the treated area has been thoroughly ventilated. • Do not apply this product in a way that will contact any person or pet either directly or through drift. Keep people and pets out of the area during application. • Do not remain in treated area. Exit area immediately and remain outside the treated area until aerosols, vapors and/or mists have dispersed. • Remove pets or animals when spraying animal premises. • Only spray in well ventilated area. • Not for use on meat or dairy animals, poultry or horses or foals intended for slaughter. • Not for use in farm structures or buildings housing food producing animals or poultry or in milk rooms. • Do not allow product to contact animal's eyes, nose, mouth or sores during application. • Do not use on foals, puppies or kittens under 12 weeks old. • Remove or cover exposed food and drinking water before application. • Remove or cover dishes, utensils, food processing equipment and food preparation surfaces or wash them before use.
- Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. • Remove pets, birds and cover fish aquarium before surface spraying.

Hold container upright with nozzle pointed away from you and press actuator button, spraying as directed.

TO TREAT HORSES: To protect horses from attacks of stable flies, horse flies, deer flies, house flies, horn flies, mosquitoes and gnats, spray about 3 seconds on each side being careful to spray legs, belly, neck, back and sides. Cover eyes while spraying face or spray on sponge or cloth and apply to face as a wipe. Brushing horse after applying will bring out a bright sheen.

TO KILL AND REPEL FLYING INSECTS IN ANIMAL QUARTERS: Spray in areas where insects congregate at a rate of 1 second per square foot. Direct spray to contact insects for rapid knockdown and kill. Spray around door facings and screens to render area unattractive to insects. This helps to repel insects and prevent entrance into building.

#### **STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**Storage:** Do not store near heat or open flame.

**Disposal:** Do Not Puncture or Incinerate!

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions.
